Investment objective

The aim of the Fund is to provide a secure and stable investment return primarily through acquiring commercial freehold property which benefit from long leases and some commercial freehold ground rents. The Fund's aim is to provide investors with an income return of 4% per annum and some capital growth in the long term.

Fund commentary

The Fund generated a total return for the 12 month period ended 30 June 2018 of 4.78% (based on the Class A Gross Accumulation Shares).

The Fund has generated a total return for the year to 31 May 2018 of 5.39%.

The Fund has generated a total return for the financial year ending 31 March 2018 of 4.85%. This includes an income return of 4.25% of which 2.09% was distributed as income in November 2017 and 2.16% distributed as income in May 2018.

The Fund's next income distribution, for the six months to 30 September 2018, will be paid at the end of November 2018.

The Fund's portfolio currently consists of 51 long income properties situated throughout the UK, valued at £124.3 million.

The Fund's assets are defensive in nature, very long dated (with an average lease length of over 60 years) and have much greater security of income than traditional commercial property. The vast majority of the Fund's rental income has review linked to inflation, giving further comfort and differentiation from traditional commercial property.
