I understand therefore that if I wish to terminate the Adviser's appointment, I must serve written notice on the Adviser in accordance with the Adviser's terms of business with me. I agree to notify TIME immediately in writing if I terminate this appointment or if the Adviser ceases to act for me for any other reason (such as retirement or insolvency). Failure to notify TIME may lead to the Adviser continuing to receive fees with respect to the Portfolio. I acknowledge that in the event that I terminate this appointment without appointing a replacement, TIME is not obliged to accept new instructions from me directly and is entitled to rely on any previous instructions submitted by the Adviser.
- I instruct the Adviser to appoint TIME as my agent with express authority to enter into the Custody Agreement. I authorise TIME to provide and receive all communications with and instructions to the Custodian and to take any actions under the Custody Agreement on my behalf, including whether to substitute the Custodian from time to time.
- I agree to inform TIME of any changes to the bank account details provided in the Application Form and the Adviser of any changes to my domicile or residence for tax purposes and to provide the Adviser upon request with any information which the Adviser, TIME or the Custodian may be required to provide to HMRC or any other governmental, regulatory or tax authority from time to time.
- I represent and warrant that I am not a US person under the definition of FACTA. I also agree that I have a duty to inform TIME if at any time I hold Shares via the TIME:AIM service that my status changes so that I would become a US person.

I acknowledge that TIME and the Custodian may from time to time use third party agencies to verify the identity of me as an Investor or Attorney. I acknowledge that, in compliance with the FCA Rules, telephone calls may be recorded.
- I understand that, as highlighted in the risks section of the Brochure and the Risks section of this Application Pack, Share values can go down as well as up and I may get back less than my original Subscription. I understand that past performance does not provide an accurate guide to future performance.
- I recognise that the extent and value of any tax advantages or benefits arising from the use of tax-advantaged services such as BR relief, will vary according to my personal individual circumstances, and that the levels, bases and practice of taxation may also change. I acknowledge that TIME has not provided me with taxation advice nor advised me on the initial or continued suitability of investments to be held through TIME:AIM.

SERVICES GUIDE

This Services Guide explains what TIME:AIM is and how it works. It is divided into five sections:

1. **The Service**
2. **The Custodian**
3. **How does it work?**
4. **What tax might I pay?**
5. **Complaints**

This Services Guide should be read together with the Brochure, Application Form, Portfolio Management Agreement, Risks, Glossary, and Custody Agreement, which together describe and set out the terms of the TIME:AIM discretionary management service (together, the “Application Pack”). Where relevant, words and expressions used in this document have the meanings given to them in the Glossary.

You are specifically referred to the Important Information and risks sections of the Brochure and the Risks section of this Application Pack, which you and your Adviser should read and understand. The Application Pack has been prepared as at November 2016 and is subject to updating from time to time.

1. THE SERVICE

1.1 What is TIME:AIM?

TIME:AIM is a discretionary management service that offers you a fast, simple and effective solution which aims to reduce your inheritance tax (IHT) liability through the acquisition of a Portfolio of Shares in Business Relief (BR) qualifying companies listed on AIM. TIME:AIM is managed by us, TIME Investments (TIME).

1.2 What is Business Relief?

Business Relief was introduced in 1976 principally to assist in the transfer of family owned trading companies between generations without the need to sell the company to pay IHT. It was later extended to cover certain other companies.

An individual investing in the shares of an unquoted (or certain AIM-listed) trading company qualifies for 100% BR, provided that the shares have been held for a minimum of two years and were held at the date of death.

HMRC will determine availability of BR on an individual basis as part of the probate process following death.

There are substantial potential IHT savings associated with investment in TIME:AIM, since the value of a chargeable estate above the nil rate band (set at £325,000 for an individual until 2018) is currently taxed at 40%.

1.3 What is the discretionary management service?

We will invest your money into a portfolio of AIM listed trading companies which we reasonably believe to qualify for BR.

The TIME Allocation Committee will select the AIM listed companies in which to invest your money and review the performance of the Portfolio on an ongoing basis. This Committee comprises members of TIME’s senior management.

The TIME Allocation Committee will monitor and may adjust your Portfolio on an on-going basis; it will also typically rebalance your Portfolio in line with a model portfolio on an annual basis, however the frequency and scope of rebalancing may change subject to market conditions and may be varied or suspended if the cost of the rebalancing is deemed by TIME to be prohibitively expensive for Investors.

Investors into TIME:AIM will not be required to decide the industry sectors and markets in which to invest nor deal with ongoing paperwork relating to their investments. We will decide on your behalf in which companies your money is invested, monitor the performance of your Portfolio and deal with any ongoing approvals required.

1.4 What are the Investment Objectives?

The Investment Objective of TIME:AIM is to provide Investors with access to BR via a Portfolio of Shares in AIM companies which have the potential for growth.

SERVICES GUIDE

We will utilise advanced market screening techniques to select for Investors a Portfolio of the largest available BR qualifying AIM Companies. Our screening process evaluates the financial fundamentals of potential AIM Companies and will seek to exclude, for example, rapidly expanding AIM Companies which are not profitable, or AIM Companies which trade on high earnings multiples.

We will seek to reduce the volatility of an Investor's Portfolio through the selection of Shares in AIM Companies which have demonstrated lower than average price volatility.

1.5 Should I invest in TIME:AIM?

The circumstances of each investor are unique. Therefore you should seek advice from your authorised financial intermediary (Adviser). For this reason we will only accept applications from and deal through your Adviser, who as your agent, will engage us and whom we shall treat as our client. You will need to authorise your Adviser to appoint us as discretionary manager.

We believe that the suitability of TIME:AIM for you should be monitored on a regular basis, so we recommend that you have a continuing relationship with your Adviser whilst you invest through TIME:AIM. We are not authorised to provide advice as to either initial suitability or whether TIME:AIM remains suitable for you on an ongoing basis.

TIME:AIM may be utilised by both UK residents and non-UK residents who are tax domiciled in the UK. You should consult your professional advisers in respect of your tax residence and domicile position, as the rules are complex. If you are UK tax domiciled, you will be subject to IHT on your worldwide estate, even if you have lived most of your life outside the UK.

If you think you may be a US person or a tax resident outside of the UK you should inform your Adviser who should speak to TIME. You may be asked to provide TIME with additional information which TIME may be required to provide to HM Revenue & Customs or any other governmental, tax or regulatory authority from time to time.

1.6 Can I invest as Attorney?

Yes. TIME:AIM is particularly suitable for investment under a Power of Attorney since the service offers a financial return, and does not require the loss of access to capital, unlike gifting or trust structures. Attorneys should forward a certified copy of the Power of Attorney, provide proof of identity, and complete Part 3 of the Application Form.

2. THE CUSTODIAN

To provide you with additional protection, your cash and Shares will be held by an FCA regulated and authorised custodian on your behalf. The Custodian will initially be Mainspring Nominees Limited, but may be any alternative custodian appointed by TIME as your agent from time to time. This may include an appropriately regulated and authorised associate of TIME. The Custodian will hold your subscription monies prior to buying Shares in a segregated and pooled client bank account with trust status and may hold all of your AIM listed shares through a sub-custodian. Any cash not invested in Shares (See 4.2: When is my money invested?) will also be held in this client bank account. The fees of the Custodian are payable by the Investor.

The Application Pack includes a Custody Agreement, authority for TIME to enter into that Custody Agreement (or a replacement one) as your agent, and authority for the Custodian to appoint the Broker and to give authority to TIME to instruct the Broker in relation to the sale or purchase of Shares and any Investor approvals. TIME may appoint an alternative custodian if, for whatever reason, this proves necessary or desirable. Any replacement custodian appointed would also be regulated by the Financial Conduct Authority (FCA).

The Custodian is separately authorised and regulated by the FCA. TIME will be the Custodian's client for regulatory purposes, and the Adviser will be TIME's client for regulatory purposes. You will not therefore have any right to complain about the Custodian's services (or the services provided by TIME in arranging your portfolio to be held by the Custodian) to the Financial Ombudsman Service (FOS), although you may be entitled to compensation from the Financial Services Compensation Scheme (FSCS) if the Custodian cannot meet its obligations – see section 6 below.

3. BROKERAGE

Shares may be purchased and sold on behalf of Investors via an FCA registered Broker which will be appointed by the Custodian. The Broker(s) will be subject to best execution obligations. The fees and commissions levied by the appointed Broker(s) which are not taken from TIME's Dealing Fee will be charged to an Investor's Portfolio and will reduce the amount invested or realised.

SERVICES GUIDE

4. HOW DOES IT WORK?

4.1 How do I apply?

- Your Adviser will provide you with the Application Pack and could, if needed, assist you with completing the Application Form.
- Unless your Adviser already holds it, they will also ask you for proof of identification.
- Your Adviser should send the completed Application Form to TIME with your cheque for a minimum of £25,000. Alternatively, you can send your money via electronic transfer. Please see page 2 for details of where to send your money.
- Typically you will need to agree an initial and ongoing fee arrangement with your Adviser, and note the terms on the Application Form. We will arrange for cash to be retained within your Portfolio to pay any ongoing fees agreed with your Adviser.

4.2 When is my money invested?

Normally we will use your Subscription to buy shares in AIM listed companies within four weeks of receipt of cleared funds.

For the purpose of BR qualification the two year period commences on the date on which we buy Shares on your behalf (Acquisition Date).

The Net Subscription Amount, used to acquire Shares, will be your Subscription after deducting the TIME Initial Charge and Dealing Fee, and any Initial Adviser Fee (such fees to be deducted and paid by the Custodian on or around the Acquisition Date) and an appropriate amount from your Net Subscription to be retained by the Custodian in cash, to pay any other fees that become due from the Investor as described in the Glossary. TIME will also instruct the Custodian to retain any dividends and/or cash proceeds received as a result of the rebalancing of your Portfolio so that an appropriate amount of your Portfolio is retained in cash on an on-going basis. TIME will have the authority to instruct the Custodian to pay any fees which become due from the Investor as described in the Glossary from this retained cash.

Shares will be purchased via the AIM market or acquired from existing Investors on a matched bargain basis.

You and your Adviser will be provided with confirmation either by post or email on receipt of your Application Form. You will also be provided with a confirmation when we have acquired your Shares, typically within five Business Days.

4.3 How much can I invest?

Your initial Subscription should be a minimum of £25,000. There is no maximum. You can make further Subscriptions in minimum amounts of £15,000, although the two year period to qualify for BR in respect of further Subscriptions will generally apply from each Acquisition Date. To make further Subscriptions you and your Adviser should complete an additional Application Form.

4.4 Can we invest jointly?

Yes. You and your spouse or civil partner can invest together, if your Adviser considers it suitable for you both. You should ask your Adviser to contact us for a joint Application Form.

4.6 What If I change my mind?

Within 14 days of sending TIME your Application Form you and your Adviser may cancel the TIME:AIM service, by sending a signed cancellation request to TIME. In this event you will receive a refund of your Subscription monies, less any fees or costs payable by TIME to your Adviser or third parties.

However if the funds have already been invested, we will need to sell your Shares, which would normally occur at the next dealing day. In this event any Initial Charge or Dealing Fee received by TIME would be refunded, to the extent not already paid to third parties. In addition, Broker fees and commissions may be incurred and Capital Gains and/or Income Tax may be payable. In the event of a market downturn you may not receive back your full Subscription Amount.

4.7 How do I check my Portfolio?

You will be provided with a statement confirming transactions in the previous quarter, the number of Shares you hold and their value as at 5 January, 5 April, 5 July and 5 October each year.

If you have provided an email address on the Application Form you will be registered for access to our secure online Web-Portal where you can view statements for your investment. You can choose to receive updates on your investment electronically or through the post by ticking the relevant box on the Application Form. Your Adviser will be able to access your statement via the secure online Web-Portal.

SERVICES GUIDE

4.8 How do I give you instructions?

You should contact us through your Adviser. You and your Adviser will need to sign any withdrawal request or change to standing instructions for example in relation to the ongoing adviser fee. If preferred you and your Adviser can sign and send withdrawal or cancellation requests separately to TIME, provided both are received by the relevant date.

If you wish to change your authorised financial intermediary, either you or your Adviser should contact TIME and we will forward the necessary form to you. If your Adviser ceases to act for you for any reason (e.g. upon their retirement), you should appoint a substitute authorised financial intermediary who will be able to continue to advise you on suitability.

If it is not possible or appropriate for you to communicate through your Adviser (e.g. where the Adviser has retired or where you wish to pursue a complaint that cannot be handled by the Adviser), you should contact us directly.

4.9 How do I advise you of a change in my details?

If any of your contact details change, such as postal or email address or bank details you should write to TIME Investments, and ensure you sign the letter.

4.10 Can I transfer to a trust?

After two years you can review whether you should continue to own your Shares through TIME:AIM or consider transferring them into a discretionary trust, which could have potential advantages if you no longer need access to your capital. You should take specialist professional advice before deciding whether to establish a trust.

4.11 How will you value my shares?

Shares will be valued at their market value, typically the closing price available on the relevant valuation date.

4.12 How can I withdraw my money?

Although BR is only available if Shares are held at death, we recognise that you may need the ability to realise your investment either to meet unexpected financial commitments or because your personal circumstances have changed. Together with your Adviser, you can at any time make a partial or full withdrawal request to realise some of, or all of your Portfolio.

A withdrawal will be made by a sale of your Shares, either on the market or to an incoming or existing Investor. If sold via the AIM market the price will be the

market value realised in respect of such sale, minus any dealing fees and broker commissions. Shares sold to incoming Investors will be at open market value, which is typically the price achieved by the Broker for the Shares which are physically traded on the dealing day in which the matched bargain transfer occurs.

We would generally expect withdrawals to be processed on a monthly basis. Normally we would expect that the proceeds will be sent to you within two weeks following the sale of Shares. Timing could be subject to a number of factors including Investor inflows into TIME:AIM, the timing of receipt of the withdrawal request, and liquidity within the AIM Market.

Withdrawals should be in a minimum amount of £15,000. If your withdrawal would reduce the value of your holding below £25,000, we may request that you sell your entire Portfolio or you may prefer to reduce your withdrawal request.

4.13 What happens on death?

Your executors should contact us requesting a valuation as at the date of death. As part of the probate process your executors will submit a form to HMRC (currently form IHT-412). Assuming HMRC confirmation of applicability of BR, your Shares held via TIME:AIM will be excluded from calculations of IHT due on your estate.

Following the grant of probate, either a withdrawal request can be made or your beneficiary can request the transfer of the Shares into his or her name. If retention is their preferred option, your beneficiary's authorised financial intermediary will need to complete an Application Form to confirm suitability and become our client.

For the purposes of the beneficiary's BR qualification the relevant two year period will commence on the date of your death unless the beneficiary is your spouse or civil partner in which case they are deemed to have owned the Shares for any period which you owned them.

5. WHAT TAX MIGHT I PAY?

You are recommended to take your own tax advice, as your personal circumstances will dictate the tax that is payable and you should receive tax advice on an ongoing basis to take account of legislative changes. We do not provide tax advice. The tax which you might pay will depend in part on whether the Shares are sold to new Investors or redeemed.

SERVICES GUIDE

In the event of a sale of Shares either via the AIM market or to an incoming Investor, the gain will be subject to Capital Gains Tax and could benefit from your annual Capital Gains Tax allowance. On death no Capital Gains Tax is payable, whatever the size of gain.

Any dividends received will be subject to Income Tax at the Investor's marginal rate for dividends.

In the event that an Investor dies within two years of the Acquisition Date, BR relief would not be available.

6 COMPLAINTS

6.1 What if I need to complain?

We hope that you do not have cause for complaint, but if you do, please contact us by phone, email or in writing. Any written complaint (whether relating to TIME or the Custodian) should be addressed to the Compliance Officer, TIME Investments, 338 Euston Road, London NW1 3BG. We will investigate the circumstances and report back to you. A copy of our complaints-handling procedure is available on request.

You will have received advice about the suitability of an investment to be held through TIME:AIM from your Adviser, who is authorised and regulated by the FCA, and you may have a right to complain about its services to the Financial Ombudsman Services (FOS) and be entitled to compensation from the Financial Services Compensation Scheme (FSCS) if it cannot meet its obligations. Your Portfolio will be held by the Custodian (itself or through a Sub-Custodian), which is also authorised and regulated by the FCA; however you will not be a client of the Custodian for regulatory purposes (its client will be TIME, which will enter into the Custody Agreement as your agent) so you will not have a right to complain about its services to the FOS, although you may still be entitled to compensation from the FSCS if it cannot meet its obligations. The maximum amount of compensation is £50,000.

Further details about how to complain (including their complaints-handling procedures) are available from your Adviser and/or TIME or available from the FOS (www.financial_ombudsman.org.uk) or the FSCS (www.fscs.org.uk). Neither you nor your Adviser will generally be entitled to complain to the FOS or to receive compensation from the FSCS if TIME cannot meet its obligations.

PORTFOLIO MANAGEMENT AGREEMENT

1. APPOINTMENT

1.1 This Portfolio Management Agreement sets out the terms and conditions upon which the Adviser appoints TIME to manage the Portfolio for its client, the Investor and grants authority to TIME to appoint the Custodian as agent for its client, the Investor.

1.2 By entering into this Portfolio Management Agreement, the Adviser confirms that:

- (a) it has advised the Investor on the suitability of investments to be held through TIME:AIM and its staff who provide such advice are approved by the FCA to provide investment advice; hold a current statement of professional standing issued by a body accredited by the FCA; have the requisite knowledge and experience to provide such advice; and have read and understood the Brochure, the Services Guide and other parts of the Application Pack, including the risks set out in the Brochure and the Risks section of this Application Pack;
- (b) it has all necessary power and authority to enter into this Portfolio Management Agreement; and
- (c) all information and documentation provided by the Adviser in the Application Form or otherwise in connection with TIME's acceptance of the Adviser as a client in relation to TIME:AIM is or will be accurate, complete and not misleading in any respect and the Adviser will promptly notify TIME to the extent that there is any material change in any information or documentation provided.

1.3 The Adviser agrees to notify TIME promptly if any of the above confirmations cease to be true.

1.4 The Adviser agrees that TIME has the right to request further information and documentary evidence in particular relating to its expertise in relation to inheritance tax planning and the Adviser agrees to provide such information and evidence promptly.

2. START DATE

This Portfolio Management Agreement will come into effect on the date TIME accepts the duly completed Application Form.

3. REGULATORY STATUS

TIME is authorised and regulated by the FCA in the conduct of its investment business. TIME agrees to comply with the FCA Rules in relation to TIME:AIM.

4. CLIENT CATEGORISATION

For the purposes of the FCA Rules and based on information provided by the Adviser, TIME will treat the Adviser as its only client in respect of all services to be provided pursuant to the Portfolio Management Agreement and has categorised the Adviser as a Professional Client for all portfolio management services. As the Adviser is a Professional Client, TIME assumes that the Adviser has the necessary level of experience and knowledge in order to understand the risks involved in the investment of the Portfolio in accordance with clause 5.

5. DISCRETIONARY MANAGEMENT SERVICES

5.1 By entering into this Portfolio Management Agreement, the Adviser grants TIME the full authority to invest, at TIME's discretion, the Portfolio in investments which TIME reasonably believes to be Qualifying Investments in accordance with the Investment Objectives and to appoint the Custodian pursuant to the Custody Agreement and to give all instructions and receive all notices pursuant to that Custody Agreement, on the Investor's behalf and as the Investor's agent.

5.2 For the avoidance of doubt, the Adviser acknowledges that TIME has not provided it with tax advice about TIME:AIM.

6. INVESTMENT

6.1 The minimum Subscription Amount is £25,000. Subscriptions will only be accepted at TIME's absolute discretion upon receipt of a duly completed Application Form.

6.2 Subject to TIME's discretion, the Adviser may make additional Subscriptions at any time, subject to a minimum of £15,000. A further Application Form should be completed in respect of each additional Subscription.

6.3 TIME will use its reasonable endeavours to invest the Net Subscription Amount in the Client Bank Account into what it reasonably believes to be Qualifying Investments. Pending investment in Shares, Subscription Amounts received will be deposited and held in the Client Bank Account. Any interest on subscription monies pending investment in Shares or payment of fees will be retained jointly by TIME and the Custodian as a contribution towards the cost of establishing and maintaining the Service.

6.4 TIME will on or about the Acquisition Date arrange for the Custodian to deduct from the Subscription Amount, any Adviser Initial Fee, and TIME's Initial

PORTFOLIO MANAGEMENT AGREEMENT

Charge and Dealing Fee. TIME will arrange for the Custodian to pay the Adviser Initial Fee to the Adviser, within ten Business Days of the Acquisition Date.

7. CANCELLATION RIGHTS

- 7.1** The Adviser (on behalf of its client, the Investor) has the right to cancel the Subscription provided that it notifies TIME in writing within 14 days of the date the Application Form is submitted by the Adviser to TIME.
- 7.2** If the Adviser exercises the right to cancel the Subscription before the Shares have been acquired, TIME will return any subscription monies as soon as practicable.
- 7.3** If the Adviser exercises the right to cancel the Subscription after the Shares have been acquired, TIME will treat the cancellation as a withdrawal in full pursuant to clause 8 provided that no Fees shall be payable unless TIME has incurred any third party fees or expenses, including to the Custodian and the Broker(s) (in which case TIME will be entitled to deduct its Dealing Fees but only to the extent that such third party fees and expenses have been incurred). In addition, the Adviser understands that to the extent that the value of the Shares decreases between the Acquisition Date and the date of withdrawal, the monies returned may be less than the Subscription Amount. TIME will endeavour to arrange the return of any such monies as soon as practicable. Neither the Adviser nor its client, the underlying Investor, will be entitled to interest on any monies returned pursuant to clauses 7.2 or 7.3.
- 7.4** Where the Adviser does not exercise the right to cancel within the time period set out in clause 7.1, any termination of this Portfolio Management Agreement will be governed by the provisions of clause 14.
- 7.5** The Adviser acknowledges that, notwithstanding the right to cancel this Portfolio Management Agreement, the Adviser does not have the right to cancel, terminate and/or reverse any particular investment executed for the Investor's account before cancellation takes effect.

8. WITHDRAWALS

- 8.1** The Adviser (on behalf of its client, the Investor) has the right at any time to request a withdrawal of cash from the Portfolio by requesting that TIME realise some or all of the Investor's Shares by submitting a withdrawal request, signed by the Adviser and confirmed by the Investor, specifying the requested withdrawal amount

in pounds sterling, provided that any such withdrawal request will be irrevocable unless otherwise determined by TIME.

- 8.2** If, as a result of a withdrawal, the value of the Portfolio would be less than £25,000 or if the request for a Partial Withdrawal is for an amount of less than £15,000, TIME may refuse to execute the withdrawal request. In the event that TIME refuses a request pursuant to this clause, it will promptly notify the Adviser of such refusal and offer it the opportunity to recall or amend the relevant request or make a Final Withdrawal.
- 8.4** TIME will be entitled to deduct, or will instruct the Custodian to deduct, from the withdrawal amount any outstanding fees and expenses (including any unpaid Fees and charges incurred in realising the Shares) before sending the net proceeds to the relevant bank account specified in the Application Form.
- 8.6** The Adviser acknowledges that Shares sold to give effect to a withdrawal request will upon such event cease to be Qualifying Investments.
- 8.7** In exceptional circumstances such as a change in law or practice TIME may choose to satisfy withdrawal requests (including pursuant to clause 14) wholly or partly by the transfer of investments comprised within the Portfolio.

10. ORDER EXECUTION

- 10.1** TIME operates an Order Execution Policy as required by the FCA Rules. TIME will generally facilitate the purchase of Shares and withdrawals on a monthly basis. The Adviser confirms that it has read and understood TIME's Order Execution Policy, as set out in Schedule A to this Portfolio Management Agreement and consents (on its own behalf and on behalf of the Investor) to TIME executing its orders in accordance with TIME's Order Execution Policy, and in particular to the fact that such orders will be executed outside of a regulated market and may be executed outside of a multi-lateral trading facility as described in this clause 10.
- 10.2** TIME may purchase or sell Shares either through the Broker(s) or by executing transactions outside of AIM between different Investors holding Portfolios in respect of the TIME:AIM service. The Adviser specifically instructs TIME to execute transactions on its behalf by buying or selling Shares from/to other Investors rather than through a Broker if TIME considers this to be in the Investor's best interests, including to reduce transaction-related costs.

PORTFOLIO MANAGEMENT AGREEMENT

10.3 TIME may (subject to its Order Execution Policy) deal on such markets or exchanges and with such counterparties as it thinks fit. All transactions will be effected in accordance with the rules and regulations of the relevant market or exchange, and TIME may take all such steps as may be required or permitted by such rules and regulations and/or by appropriate market practice.

10.4 If any counterparty fails to deliver any necessary documents or to complete any transaction, TIME will take all reasonable steps on behalf of the Investor to rectify such failure or obtain compensation in lieu thereof. All resulting reasonable costs and expenses properly incurred by TIME shall be reimbursed to it from the Portfolio.

10.5 TIME may aggregate transactions for the Investor with those of other Investor and will allocate such transactions on a fair and reasonable basis in accordance with the requirements of FCA Rules. The Adviser recognises that each individual aggregated transaction may operate to the advantage or disadvantage of the Investor as its client.

10.6 The Adviser confirms that it has read and understood TIME's Order Allocation Policy, as set out in Schedule B to this Portfolio Management Agreement, and consents (on its own behalf and on behalf of the Investor) to TIME allocating orders in accordance with its Order Allocation Policy.

11. FEES

TIME will be entitled to receive the Fees, calculated and payable as set out in the Glossary. The Fees are exclusive of any value added or similar taxes which will be payable in addition if applicable. TIME is hereby authorised to instruct the Custodian to pay the Fees on behalf of the Investor. TIME shall provide a breakdown of the fees and related charges as required by the FCA Rules.

12. CUSTODY

12.1 TIME will not hold the Shares or money directly and it will (as agent on behalf of the Investor pursuant to the terms of this Portfolio Management Agreement) appoint the Custodian to do so pursuant to the Custody Agreement.

12.2 The Adviser nominates TIME and grants full power and authority to TIME to provide and receive communications and instructions on the Investor's behalf and, unless otherwise stated, to its exclusion for the purposes of the Custody Agreement. TIME may

instruct the Custodian to take such steps as may be necessary to manage the Portfolio, including selling Shares to pay the Fees and any Adviser Fees.

13. VALUATION AND REPORTS

13.1 TIME will procure that the Custodian makes available via the secure online Web-Portal, or by other means, a periodic statement to the Adviser every quarter as at 5 January, 5 April, 5 July and 5 October. The periodic statement will contain all of the information required by the FCA Rules. TIME will request the Custodian to disclose within the periodic statement the value of client money balances (if any) held by the Custodian in accordance with the FCA's Conduct of Business Sourcebook. All such reports will be provided within 90 days of the period end. Receipts, the Fees and the Adviser Fees will be shown as separate items on statements from the Custodian, when received or paid.

13.2 Valuations for the Portfolio in the periodic statements provided pursuant to clause 13.1 will reflect TIME's good faith effort to ascertain fair value of the Portfolio based on valuation information believed by TIME to be reliable. The performance of the Portfolio will not be measured against any stock market or other index.

13.3 TIME may not accept and retain fees, commissions or any other monetary or non-monetary benefits paid or provided by any third party other than certain minor non-monetary benefits which:

- (a) do not impair compliance with TIME's duty to act honestly, fairly and professionally in accordance with the best interests of its clients;
- (b) enhance the quality of the service TIME provides its clients; and
- (c) are acceptable minor non-monetary benefits.

13.4 TIME shall notify the Adviser, as TIME's client, where the overall value of the Portfolio, as evaluated at the beginning of each reporting period, depreciates by 10% and thereafter at multiples of 10% no later than the end of the Business Day in which the threshold is exceeded (or, in a case where the threshold is exceeded on a day which is not a Business Day, the close of the next Business Day).

13.5 TIME shall make and retain records of telephone conversations and electronic communications relating to the services under this Agreement. TIME shall retain and make available to the Adviser such records relating to the reception, transmission and execution of client

PORTFOLIO MANAGEMENT AGREEMENT

orders in financial instruments for a period of five years (and where requested by the FCA, for a period of seven years).

14. TERMINATION

14.1 The Adviser will notify TIME as soon as reasonably practicable if the Investor terminates its appointment of the Adviser or if the Adviser ceases to act as authorised financial intermediary for the Investor, including if it ceases to be appropriately authorised by the FCA, becomes insolvent or if the cost of the service becomes prohibitively expensive for Investors. Such notification will not be treated as a withdrawal under clause 8 nor will it have effect to terminate this Portfolio Management Agreement (which will continue until a replacement authorised financial intermediary is appointed) but on such notification:

(c) TIME will not accept any new or different instructions in relation to the Portfolio until an approved replacement authorised financial intermediary has completed and returned an Application Form; and

(d) this Portfolio Management Agreement shall cease to have effect on the completion of an Application Form by a replacement authorised financial intermediary and its acceptance by TIME.

14.2 Where so confirmed by the Investor, the Adviser's client, the Adviser is entitled to terminate this Portfolio Management Agreement and to instruct TIME to terminate the Custody Agreement in respect of that Investor immediately by written notice.

14.3 TIME is entitled to terminate this Portfolio Management Agreement on 30 days written notice or immediately if it ceases to be appropriately authorised by the FCA or becomes insolvent. In this unlikely event, TIME will make arrangements either for the transfer of the Service to another authorised manager or for its orderly winding down.

14.4 Termination pursuant to clause 14.1 or 14.2 above will be effective on receipt by TIME of the notice or at such time as is specified in the notice subject in either case to the completion of the sale of all of the Shares.

14.5 Any notice of termination will be treated as requesting a withdrawal in full and the provisions of clause 8 will apply accordingly and, as a result, this Portfolio Management Agreement will not terminate until such time as all of the Shares are sold.

14.6 Subject to clause 8.4, termination will not in any event affect accrued rights, obligations, existing commitments or any contractual provision intended to survive termination and will be without penalty.

14.7 In the unlikely event TIME determines to cease providing TIME:AIM to all its clients, TIME may (following appropriate notifications including to the Adviser and the Adviser's client, the Investor) realise the entire Portfolio and distribute the proceeds (after fees and expenses) in the same way as if the Adviser had requested a Final Withdrawal. The Adviser acknowledges that this realisation and liquidation process may take a number of years.

14.8 After all of the Shares held within the Portfolio have been sold, TIME will arrange for the Custodian to prepare a closing valuation of the Portfolio. TIME's management responsibility for the Portfolio will then cease entirely.

15. LIABILITY

15.1 TIME will act in good faith and with reasonable skill and care in managing the Portfolio in accordance with this Portfolio Management Agreement.

15.2 Subject to the following provisions of this clause 15, TIME will not be liable for any loss incurred by the Adviser or Investor except to the extent that such loss is the result of the negligence, wilful default or fraud of TIME or any affiliate.

15.3 TIME will not be liable other than under clause 15.2 for any loss suffered by the Adviser or Investor arising from:

- (a) the acts, omissions or insolvency of any other person including the Custodian or Sub-Custodian or any Broker;
- (b) TIME carrying out or relying on any instructions and on any information provided or made available to TIME by the Adviser and/or any person appointed by TIME under clause 16;
- (c) save as provided by Applicable Law, a total or partial failure, interruption or delay in the performance of TIME's obligations to the extent that they result from acts, events or circumstances not reasonably within TIME's control (including, but not limited to, acts or regulations of any governmental, regulatory or supranational bodies or authorities, breakdown, failure or malfunction of any telecommunications or computer service and acts of war, terrorism or civil unrest); or

PORTFOLIO MANAGEMENT AGREEMENT

(d) any information provided by the Adviser or the Investor being untrue, inaccurate or incomplete.

- 15.4** Subject to clause 15.2, TIME will not be liable for any loss or damage of any direct or indirect nature caused by any changes in revenue law or practice as determined by HMRC from time to time.
- 15.5** TIME will not be responsible for loss of any indirect or consequential nature such as loss of goodwill, profit or opportunity.
- 15.6** Nothing in this Portfolio Management Agreement will require TIME to take any action which would be in breach of Applicable Law.
- 15.7** Nothing in this Portfolio Management Agreement will exclude or restrict any liability TIME has to the Adviser or Investor under the UK regulatory system or for fraud, misrepresentation, death or personal injury.

16. DELEGATION

- 16.1** TIME may appoint or retain any affiliate or third party to perform all or any of its obligations under this portfolio management agreement which does not constitute the exercise of TIME's portfolio management powers.
- 16.2** TIME will act with reasonable skill and care in the selection, use and monitoring of any delegate appointed or retained pursuant to clause 16.1 and, provided it has so acted, TIME will not be liable for the acts and omissions of any such delegate.

17. AMENDMENT

- 17.1** TIME may amend this Portfolio Management Agreement if it believes this is necessary in order to comply with HMRC requirements in order to maintain the Shares as Qualifying Investments or in order to comply with any Applicable Law by giving the Adviser written notice of such amendment. Such amendment will take effect on the date specified in the written notice.
- 17.2** TIME may make any other amendments to this Portfolio Management Agreement by giving the Adviser, with a copy for information purposes to the Investor, not less than 10 Business Days' written notice.

18. CONFLICTS OF INTEREST

TIME has a conflicts of interest policy ("Conflicts Policy") that sets out the types of actual or potential conflicts of interest that affect TIME's business and how these are managed. The Conflicts Policy also includes details of any conflicts which, were they to arise, TIME

could not effectively manage. TIME's Conflicts Policy may be updated from time to time and is available on request.

19. GENERAL

- 19.1** It will not be possible to hold fractional entitlements to Shares. On acquisition the number of Shares acquired will be rounded down to the next whole number. Similarly the number of Shares sold will be rounded down to the nearest whole number.
- 19.2** The Adviser may assign or otherwise transfer the Adviser's rights and/or obligations under this Portfolio Management Agreement (subject to the assumption by the assignee of all the assignor's obligations), with TIME's prior written consent not to be unreasonably withheld, to an FCA authorised entity. TIME, by giving reasonable notice to the Adviser, may assign or otherwise transfer TIME's rights and/or obligations under this Portfolio Management Agreement (subject to the assumption by the assignee of all TIME's obligations) to an FCA authorised entity.
- 19.3** This Portfolio Management Agreement, the Application Form, the Glossary, the Services Guide and the Brochure will constitute the entire agreement between TIME and the Adviser and the Investor with respect to TIME:AIM. Terms defined in the Glossary shall have the same meaning when used in this Agreement.
- 19.4** No failure on the part of TIME or its affiliates to exercise and no delay by TIME or its affiliates in exercising any right or remedy under this Portfolio Management Agreement will operate as a waiver of the right or remedy or a waiver of any other rights or remedies provided by law.
- 19.5** The illegality, invalidity or unenforceability of any provision of this Portfolio Management Agreement will not affect the legality, validity or enforceability of any other provision of this Portfolio Management Agreement.
- 19.6** Any notice or communication in respect of this Portfolio Management Agreement will be in English and in writing. TIME may send any notice or communication to the Adviser at the postal address or email address provided in the Application Form (or such other postal address or email address as may be notified to TIME from time to time). The Adviser must communicate with TIME at TIME Investments, 338 Euston Road, London NW1 3BG or such other address as may be notified from time to time.

PORTFOLIO MANAGEMENT AGREEMENT

Communications sent by email to TIME should be sent to enquiries@time-investments.com. Notice sent by first-class post will be deemed to have been received on the third Business Day after posting. Notice sent by email will be deemed to be delivered immediately (or on the next Business Day if sent after 5 pm on a Business Day or on a non-Business Day). Telephone calls may be recorded or monitored by TIME and/or the Adviser.

- 19.7** The Custodian will be entitled to enforce and rely upon any term of this Portfolio Management Agreement where it is specifically named. Other than the Custodian, a person who is not a party to this Portfolio Management Agreement will have no right to enforce any of its terms pursuant to the Contracts (Rights of Third Parties) Act 1999.
- 19.8** This Portfolio Management Agreement will be governed by and construed in accordance with English law and the parties agree to submit to the jurisdiction of the English courts.

SCHEDULE A

ORDER EXECUTION POLICY

Introduction

We aim to achieve the best possible result for all transactions undertaken on your behalf through the TIME:AIM service. In pursuit of this, and in accordance with the regulatory requirements set out by the FCA we have established an Order Execution Policy that covers, amongst other things, the relevant factors involved in obtaining best execution and the execution venues we choose. The policy is set out below.

Our commitment to provide you with best execution does not mean that we owe you any fiduciary responsibilities over and above the specific regulatory obligations placed upon us or may be otherwise contracted between us.

Generally we will have arrangements in place with a single Broker at any one time. Before selecting any Broker we will review the broker market and assess whether the Broker which we are proposing to make arrangements with represents the best option available to Investors (in terms of price and the underlying costs to the Investors as a whole). We will carry out an annual review of the broker market in order to ensure that this continues to be the case.

We will also assess the Broker's best execution policy at the beginning of the relationship and carry out on-going monitoring in order to ensure that the best execution requirements are being met on an on-going basis.

Scope

Our Order Execution Policy applies to all retail and professional clients and refers to financial instruments which are defined under the Markets in Financial Instruments Directive (MiFID) and set out at the end of this policy.

As we do not execute orders on your behalf in respect of financial instruments, this policy will apply where we select Brokers to which we will pass on or transmit orders for execution.

In selecting any Broker we will ensure that the Broker's order execution policy requires it to deliver best execution by reference to the following policies and practices.

In addition, and as an alternative to instructing a Broker to execute orders on behalf of Investors, we may arrange for Investors' portfolios to be "rebalanced" by way of internal share transfers between existing clients, as set out in more detail in our Order Allocation Policy below.

Execution venues & entities

The Broker must have identified a variety of execution venues to obtain the best possible result on a consistent basis when executing orders on behalf of its clients. The Broker may execute all orders through AIM as an execution venue in connection with the TIME:AIM Service.

Where a Broker believes that it can trade to its clients' advantage, the Broker may transact a trade with that client via its in-house principal book.

Any entity to which the Broker may transmit an order for execution should itself be subject to a regulatory or contractual obligation to provide best execution.

Execution factors

In considering how to achieve the best possible result, the execution factors that the Broker must take into account are: price (or total consideration in the case of retail clients), costs, speed, likelihood of execution and settlement, size, nature of the order or any other consideration relevant to the execution of the order.

In determining the relevant importance of these factors, the Broker should use its commercial experience and judgement, as well as take account of how it has categorised the Investor (e.g. as a retail client or as a professional client), together with the size and nature of the order, the characteristics of the financial instrument to which the order relates, as well as the possible execution venues to which that order can be directed.

In general, the Broker should regard price as the most important of these factors, however we recognise that there may from time to time be circumstances where other factors

PORTFOLIO MANAGEMENT AGREEMENT

may be deemed to be of higher priority. For example, some securities such as Shares in smaller AIM Companies may be more difficult to transact, or more complex and difficult to settle satisfactorily, in which case, the size of the transaction, the speed of transaction and likelihood of execution and settlement may be relevant factors which the broker will take into account.

For retail clients, the Broker must always regard the most important factors as those which result in the best total consideration in terms of the price combined with the costs of execution.

Where the Broker is provided with specific instructions for execution of a transaction, for example a specific venue, this may prevent the Broker from obtaining the best possible result as per its execution factors.

Monitoring and review

The Broker must monitor regularly its order execution arrangements as well as the quality of its execution and that of third parties to whom it has passed orders for execution. Such review should be used by the Broker to identify and implement changes to its order execution policy and execution arrangements as necessary.

The Broker will be obliged to notify TIME of any material changes to its order execution policy.

Consent

FCA regulations require the Broker to obtain consent to its order execution policy and the consent of TIME on behalf of the Custodian, as the Broker's client, will be obtained where a Broker needs to undertake a transaction outside a regulated market or multilateral trading facility ("MTF"). Similarly, the express consent of TIME on behalf of the Custodian, as the Broker's client, will be required should TIME wish the Broker not to make public any limit order that TIME places with the Broker. A client information and agreement form (or similar) will be completed by the Custodian for each Broker engaged as part of the TIME:AIM service.

Financial Instruments

The only securities which may be purchased by TIME for the Investor pursuant to this Order Execution Policy are Shares in AIM Companies.

SCHEDULE B

ORDER ALLOCATION POLICY

General

The nature of the TIME:AIM Service is such that orders for the purchase or sale of Shares for an Investor's Portfolio may be aggregated with those of other Investors for execution. Aggregated orders may result in a large number of Shares being dealt in the market which may result in a higher or lower price being obtained or a delay in executing the order in full on the designated market.

TIME will ensure that all orders and transactions are allocated fairly, promptly and in accordance with this Order Allocation Policy. We will not transmit orders for execution unless the following conditions are met:

- it is unlikely that the aggregation of orders and transactions will work overall to the disadvantage of any Investor whose order is to be aggregated; and
- it has been disclosed to each Investor (through its agent, as TIME's client) whose order is to be aggregated that the effect of aggregation may work to its disadvantage in relation to a particular order (this is a one-off disclosure which is made in the Application Pack).

On occasions, however, aggregation may not work to your advantage and may result in you obtaining a less favourable price.

We shall aggregate, in a single transaction, orders of different Investors, if the aggregation is in the best interest of Investors, considering, amongst other criteria, the price, costs, speed, probability of execution and volume.

We shall only aggregate orders if the aggregation does not harm the interests of any Investor, and provided that the agent does not oppose the aggregation of its client's order. TIME may combine Investor dealing instructions with orders for its own account, if it considers it necessary to hold a proprietary position in the Shares to allow it to deal with issues which may otherwise arise from fractional share entitlements, provided that it shall ensure that any such orders are not reallocated in a way that is detrimental to the Investor.

In setting a price for allocating any aggregated orders, we will determine the price quoted for the transaction by the Broker at that time and apply that price at the time that the instruction to trade is transmitted.

In the event that it is not possible to fully execute an aggregated order on the day the order is placed, we may instruct the Broker to fulfil the order in its entirety, which may take more than one day. In placing an aggregated order irrespective of the size of the order and the length of time

PORTFOLIO MANAGEMENT AGREEMENT

taken to fulfil the order in the designated market, a more or less favourable price might be achieved than if your dealing instruction had been executed separately.

Allocation of Trades

Shares will be purchased for Investors on the basis of the “model portfolio” at the time of investment; comprising shares in AIM-listed companies which have been selected through the market screening techniques employed by TIME, in that particular month. At each rebalancing event Investors will have different holdings depending on the composition of the model portfolio for the month during which they initially invested in TIME:AIM. TIME may, as part of the Service, seek to ensure that all Investors have their Portfolio brought in line as far as reasonably practicable with the “model portfolio” at each rebalancing event. As there are likely to be significant market fluctuations over the course of any 12-month period, it is likely that a degree of rebalancing will need to be carried out in order to align each Investor’s Portfolio with the “model portfolio”.

We shall use the following rules in the allocation of trades:

- As far as possible, rebalancing will be done by way of internal share transfers between existing Investors. We will affect this by notifying the Custodian and requesting that the relevant custody records be updated to reflect the re-allocations and record the new owner of the Shares. This will not attract any dealing costs for the affected Investors. The trade price for the net Shares physically bought / sold pursuant to the third bullet point below will be used as the reference price for these internal sales.
- All internal transfers will be allocated on a pro rata basis relative to the rebalancing requirement of each Investor. This means that surplus Shares held by Investors would be re-allocated to Investors in proportion to the size of their Share deficit (i.e. if Investor A required an additional 100 Shares and Investor B required an additional 50 Shares, then Investor A would be allocated twice the number of Shares as Investor B, from the pool of surplus Shares held by other Investors).
- Once the internal rebalancing of Shares has taken place, to the extent that there is a shortfall or excess in Investors’ Portfolios such that additional Shares need to be purchased or sold, these Shares will need to be purchased or sold through an external execution venue, and we will issue instructions to the Broker for this purpose. Dealing costs will be divided between Investors in proportion to the number of Shares being acquired or disposed of for their benefit.
- Rebalancing may not occur.

RISKS

An investment made in TIME:AIM is subject to a number of risks. Before making any investment decision, a prospective Investor and their Adviser should consider carefully the risk factors described below. This information does not purport to be exhaustive and the risks below are not set out in order of priority. Additional risks and uncertainties not presently known to TIME or that TIME currently deems not to be material, may also have an adverse effect on the performance of TIME:AIM. Prospective Investors and their Advisers should consider carefully whether an investment made in Shares is appropriate for them in light of the information contained in this document and their personal circumstances.

Investment performance

The return achieved will depend on a wide range of factors whether relating to the wider economy or specifically to the sectors or individual businesses which TIME:AIM may invest into. There may also be limited diversification across sectors. Past performance does not provide an accurate guide to future performance. Therefore there is no guarantee that the Investment Objectives of TIME:AIM will be achieved or that growth in the value of your investment will occur. You should recognise that your capital is at risk and you may not get back what you invest.

Third party dealing costs may have a material effect on the performance, especially for Portfolios which are of a lower value.

Through TIME:AIM, Investors will become minority shareholders in AIM Companies. As such, neither TIME nor Investors will be able to exert control or influence the activities of the AIM Companies to improve performance or maintain BR status.

The companies which list their securities on AIM rather than a more highly regulated market are likely to be smaller and have a higher risk profile, and their securities may be less liquid and more volatile, than companies listed on the main market of the LSE or an equivalent market outside of the UK. As a result their securities may suffer from inadequate trading volume or restrictions on trading. Securities in AIM-listed companies may possess greater potential for capital appreciation, but also involve risks, and trading in such securities may be subject to more abrupt price movements than trading in the securities of larger or more established companies.

Effect of withdrawals

If you choose for your Adviser Fees to be paid from your Portfolio, this will diminish your Portfolio. Any withdrawals from the portfolio will also cease to qualify for BR.

Liquidity

There may be a decrease in market liquidity for the securities in which TIME will invest as part of the TIME:AIM service which may mean that it is not able to sell Shares held by the Investors at their true value if liquidity is required. Trading on AIM may be halted or suspended due to market conditions, technical problems or other events and during such circumstances, TIME will not be able to buy or sell Shares traded on that market until trading resumes. Further, trading of the securities of a specific issuer may be suspended by AIM due to circumstances relating to the issuer. If trading of a particular security is halted or suspended, TIME will not be able to sell that security until trading resumes.

The regulatory system applying to issuers whose securities are listed on AIM is more flexible than that applying to the main market of the London Stock Exchange and those companies are not subject to such strict corporate governance protections as those applying to companies listed on the main market. AIM listed companies may therefore be more easily subject to manipulation by institutional investors.

An AIM Company can elect to become private by de-listing from AIM. In such circumstances, it may become impossible to trade or accurately value the shares held.

Business Relief

The rules and practice relating to BR may change. BR is agreed by HMRC on an individual basis and whilst TIME:AIM will invest in businesses which it reasonably believes to qualify for BR, there is no guarantee that your estate will obtain 100% BR on the value of your Shares in AIM listed businesses. It is also necessary for qualifying shares to have been held for a minimum of two years, as well as on death, and for the correct procedure to be followed and queries answered. Loss of BR could occur if, for example, the Shares become delisted from AIM or the Shares were not held at death as a result of shares being sold during the annual rebalancing process.

Taxation

The value of your Portfolio and availability of BR is based on current tax rates and practice and a change in the laws, regulations, rates and practice could also impact your post-tax return and the availability of BR. TIME does not provide taxation advice and you should seek professional advice before investing.

Suitability

It is your Adviser's responsibility to advise you on the initial and continued suitability of TIME:AIM for you. In common with all investments, the suitability of any investment held through TIME:AIM may change, including if your personal circumstances change.

The ability of the Investor to recover losses arising from the acts or omissions of such entities may be limited by the terms of their appointment. The Investor will not be a client of either TIME, the Custodian, the Broker or any sub-custodian for the purposes of the FCA rules.

Mainspring will be entitled to rely entirely on the Manager's valuations, and shall have no obligation to make any independent investigation of them.
- 5.4** In the event that the Manager judges that the valuation of any particular Investment should be zero, and that there is no reasonable expectation that the Investor is going to receive any financial return from such Investment, the Manager may, after having given notice to the Investor and Mainspring and in the event that the relevant Investment is not to be sold or, where applicable, liquidated, dissolved or wound-up with any relevant proceeds being credited to the Investor, instruct Mainspring in writing (to include email) to remove the Investment from the Investor's Investment Account. Upon completing such instruction, Mainspring shall arrange for the Investment to be registered in the Investor's name at the Manager's expense and pass any relevant documents of title to the Manager for forwarding to the Investor and Mainspring will cease to perform the Services under this Custody Agreement in relation to that Investment.

6 FEES

- 6.1** Fees and other charges for the Services are agreed separately between Mainspring and the Manager. Additional charges may apply for ancillary actions necessary in the performance of the Services such as telegraphic transfers, obtaining indemnities for lost share certificates and changes of registration or

transfer. Mainspring will use its reasonable endeavours to inform the Manager of these prior to incurring such costs.

- 6.2** Unless otherwise agreed, the parties agree that:

The Manager will pay the fees to Mainspring. The parties may separately agree that the Manager will procure the payment of certain fees from the Portfolio, such fees payable in respect of the Services and if not paid within 30 calendar days of such procurement request then the Manager will pay the fees to Mainspring;

any processing fees payable in relation to the receipt of monies into or payment of monies out of the Client Bank Account will be paid by the Manager from the fees received by it; and

Mainspring reserves the right to recover any such fees referred to in clauses 6.2(i) and 6.2(ii) from the Investor in the event that the Portfolio or (as the case may be) the Manager or any successor company are unable to pay them.

- 6.3** The charges for any additional services that Mainspring may provide to the Investor under a separate agreement pursuant to clause 4.5 will be agreed separately with the Investor and will be payable by the Investor directly.
- 6.4** The Manager will be responsible for the calculation of any fees, commissions or other payments payable by the Investor to the Manager or any Adviser under any separate agreement between the Manager or Adviser and the Investor and the Manager may instruct Mainspring to make payments to the Manager or Adviser from any cash funds held on the Investor's behalf by Mainspring. and agrees that Mainspring will not be able or required to accept instructions directly from the Investor in relation to the Services.

- 7.2 The Investor should contact the Manager if it has any questions regarding the Services that Mainspring provides under this Custody Agreement.

8 ACCOUNTING FOR TRANSACTIONS – CONTRACT NOTES AND CORPORATE ACTIONS

- 8.1 Mainspring shall only be required to provide contract notes, notices of company actions and entitlements and any periodic valuations or other information to the Manager.

- 8.2 Mainspring will not be responsible for any losses incurred should the Manager fail to forward information to the Investor, or fail to do so in a timely fashion.

9 SAFEGUARDING AND USE OF THIRD PARTIES

- 9.1 The Parties acknowledge that notwithstanding any other provision of this Agreement, the assets of each client portfolio shall be segregated from the assets of other portfolios and shall at all times remain the sole property of the investor; and shall not, other than on the Manager's instructions be used to discharge (directly or indirectly) the liabilities of or claims against any other portfolio, and shall not be available for such purpose, and any liability incurred on behalf of or attributable to any portfolio shall be discharged solely out of the assets of that portfolio.
- 9.2 The investor shall retain at all times exclusive beneficial ownership of the securities, and the client account will indicate that securities do not belong to Mainspring and will be segregated from Mainspring's assets. Mainspring will, or will arrange for its Sub-Custodians to, identify in its books that the securities belong to the Investor's portfolio and the amount that is attributable to the securities account.
- 9.3 Mainspring may appoint a Sub-Custodian in accordance with the FCA Rules.
- 9.4 Mainspring will not deposit Investments held on behalf of the Manager with a Sub-Custodian in a third country, for the account of another person, which does not regulate the holding and safekeeping of Investments except as permitted under the FCA Rules. Any such appointment of a Sub-Custodian will require such Sub-Custodian to comply with such FCA Rules in the event it delegates any of its functions concerning the holding and safekeeping of the Investments to another third party.

- 9.5 Mainspring will take necessary steps to ensure that the Manager's Investments deposited with a Sub-Custodian will be identifiable separately from the applicable assets of Mainspring and the Sub-Custodian.

- 9.6 The Manager confirms that if permitted by applicable law, and required by the investing strategy of the Manager which requires Mainspring to appoint a Sub-Custodian, the Manager's Investments may be held in an omnibus account by a Sub-Custodian.

- 9.7 The Manager acknowledges and accepts that where a Sub-Custodian is required and has been appointed, it may not be possible under applicable law for the Manager's Investments to be separately identifiable when held with a Sub-Custodian.

- 9.8 In the event that the Manager's investing strategy results in the requirement for Mainspring to appoint and use the services of a Sub-Custodian, the Manager acknowledges and accepts that Mainspring may hold Investments belonging to the Manager in accounts that may be subject to laws of a jurisdiction other than that of an EU member state. The rights the Manager has relating to those Investments may differ accordingly.

10 CONFLICTS OF INTEREST

- 10.1 Mainspring may provide its Custody Services to other customers of the Manager and other customers more generally, including acting for investors in investment vehicles, such as limited partnerships. It is therefore possible that Mainspring may provide Custody Services to the Investors and any investment vehicles the Investor invests in.

- 10.2 Mainspring has a duty to take all reasonable steps to identify conflicts of interest between Mainspring and its clients or one client of Mainspring and another that may arise in the course of providing its services. Mainspring has designed its business to minimise the chance of conflicts of interest occurring and to ensure the fair treatment of its clients in situations where a conflict of interest may arise. On occasion, when a conflict of interest does arise Mainspring will always try to resolve it fairly to the best advantage of the clients involved, however the action Mainspring takes to resolve any conflict may work to the disadvantage of some of the clients involved. Mainspring has a policy in place that sets out its principles for minimising and managing potential conflicts of interest which may give rise to a material risk of damage to the interests of one or more of Mainspring's clients. - 11 COMPLAINTS AND COMPENSATION ARRANGEMENTS**
- 11.1** All complaints regarding the Services by the Investor should in the first instance be referred in writing to the Manager.
- 11.2** All complaints (including MiFID Complaints, as defined under the FCA Rules) by the Manager and all complaints received by the Manager in accordance with clause 11.1 should be sent free of charge to Mainspring's Compliance Officer. - 11.3** If a complaint is not resolved to the Investor's satisfaction and the Investor is an 'eligible complainant' (as defined in the FCA Rules), the Investor may be able to refer the complaint to the Financial Ombudsman Service, South Quay Plaza, 183 Marsh Wall, London E14 9SR (www.financial-ombudsman.org.uk). The Financial Ombudsman Service is an organisation set up by Law to give consumers a free and independent service for resolving disputes with financial firms. Details of the persons who are 'eligible complainants' can be obtained from the Financial Ombudsman Service. However, the Investor may not be an eligible complainant for these purposes.
- 11.4** Mainspring is covered by the Financial Services Compensation Scheme Limited ("FSCS"). In certain circumstances, and if the Investor is an 'eligible claimant' (as defined in the FCA Rules), the Investor may be entitled to compensation from the FSCS if Mainspring is in default and unable to meet its

financial obligations to the Investor. The amount of compensation available from the FSCS for investment business is £50,000. Further information on the FSCS (including as to the meaning of 'eligible claimant') can be obtained at www.fscs.org.uk.

12 MONEY LAUNDERING REGULATIONS

Anti-money laundering legislation, rules and guidance require Mainspring to obtain evidence of identity before undertaking investment business for a client. Mainspring is also required to do this by legislation designed to combat serious crime. It will rely on customer due diligence already undertaken on the Investor by the Manager. However, Mainspring reserves the right to request additional information from the Investor and to cease to perform the Services until satisfactory additional information is provided. Mainspring is likely to request such information if the Investor requests Mainspring to receive or remit funds or securities from or to persons who are not party to this Custody Agreement or in any other circumstances when Mainspring considers that such additional information is required.

13 ANTI-BRIBERY AND INDUCEMENTS

- 13.1** Where Mainspring pays, provides, accepts or receives a fee, commission or non-monetary benefit in accordance with the FCA Rules, Mainspring will inform the Manager, prior to the provision of the relevant service:
- (a) of the existence and nature of the payment or benefit; and
 - (b) the amount of the payment or benefit or, where the amount cannot be ascertained, the method for calculating that amount.
- 13.2** The Manager hereby confirms that it has received a copy of, and consents to the terms of Mainspring's Anti-Bribery and Inducements Policy which deals with any fees, commission or any monetary benefits paid or provided by any third party or a person acting on behalf of a third party. A copy of Mainspring's Anti-Bribery and Inducements Policy is available from Mainspring at the following link <https://mainspringfs.com/policies/anti-bribery-and-inducements-policy/>

Mainspring will only use such information for the sole purpose of providing the Services and will not, without written consent (to include email) (which in respect of the Investor and the Manager, Mainspring need only obtain from the Manager), disclose the information to any third party other than when necessary to perform its duties under this Custody Agreement (in which case the information may be disclosed to Mainspring Entities and relevant third parties, such as Sub-Custodians).

14.2 The duty of confidentiality in clause 14.1 will not apply to:

- any information which is in the public domain (provided that this has not happened because of a breach of this Custody Agreement by a Mainspring Entity or of any other duty of confidentiality Mainspring is under);
- any information that Mainspring can clearly demonstrate was already possessed by a Mainspring Entity prior to disclosure by the Manager or the Investor;
- any information that can clearly be demonstrated to be independently originated by a Mainspring Entity or acquired by a Mainspring Entity from a third party in circumstances in which such party is free to disclose it to others;
- the extent that a Mainspring Entity is required to disclose the information by a regulatory authority or under any applicable Law; and
- disclosure of information to a Mainspring Entity's professional advisers, to the extent that such disclosure is reasonably necessary for the performance of services by that adviser.

The parties acknowledge that the Manager will be data controller (as defined in the Data Protection Act 1998) of the Personal Data except in the limited circumstances where the Manager processes

Personal Data in relation to the Agency Services or where Mainspring uses the Personal Data to comply with its regulatory requirements, in which instances Mainspring will be data controller. - put in place appropriate technical and organisational measures against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access to such Personal Data as well as reasonable security programmes and procedures for the purpose of ensuring that only authorised personnel have access to such Personal Data or the processing equipment to be used to process such Personal Data and that any persons whom it authorises to have access to such personal data will respect and maintain all due confidentiality; and

CUSTODY AGREEMENT

- ensure the reliability of all its personnel who process such Personal Data including using all reasonable endeavours to procure that all persons who are its directors, officers, employees, permitted agents and sub-contractors comply with Data Protection Act 1998, and in particular the data protection principles set out therein, in connection with this Custody Agreement.

15.5 Disclosures outside the European Economic Area (“EEA”): If Mainspring or the Manager, in the performance of the Services or Agency Services respectively, transfers any Personal Data to any third party where such third party is located outside the European Economic Area, the exporting party and the importing party shall, in advance of any such transfer, execute the Standard Contractual Clauses approved for the purposes of Directive 95/46/EC for the transfer of personal data to data processors in third countries that do not ensure an adequate level of protection for such personal data.

16.3 Investments that are UK equities will be held through the CREST system when eligible. Other UK securities may be held in certificated form.

16.4 The Manager on behalf of the Investor acknowledges and agrees that Mainspring may appoint Sub-Custodians in order to provide the Custody Services. Mainspring will use all due skill, care and diligence in the selection, appointment and periodic review of the Sub-Custodian and of the arrangements for the holding and safekeeping of Investments with the Sub-Custodian.

16.5 When Mainspring appoints a Sub-Custodian, it will not pool Investments of the Investor with Mainspring’s own securities except where this happens in the limited circumstances permitted under section 14.13. Investments held by Mainspring on behalf of the Investor may be held within a pooled account opened by Mainspring at the Sub-Custodian with Investments of other customers. The pooled account will be solely for the Investments of the Investor and investments of other customers of the Manager. However, Mainspring may permit Sub-Custodians to pool the Investments with other investments held for the Sub-Custodian’s clients. When pooling by Mainspring takes place:

- the Investor shall be the beneficial owner of such proportion of Investments of a particular class, denomination or issue (the “**Aggregate Holding**”), as the number of its equivalent Investments bears to the total number of such Investments comprised in that Aggregate Holding; and
- Mainspring has no obligation to redeliver the Investments originally deposited but shall redeliver investments of the same number, class, denomination and issue as the Investments originally deposited.

16.6 When Investments are held by a Sub-Custodian on a pooled basis, the Investor shall be the beneficial owner of such proportion of Mainspring’s interest in or rights in respect of securities in the pool of a particular class, denomination or issue (whether such interests or rights arise for itself or for its other customers) (Mainspring’s “**Aggregate Sub-holding Rights**”) as the number of equivalent Investments of the Investor represented

CUSTODY AGREEMENT

in that pool bears to the total number of equivalent securities giving rise to Mainspring's Aggregate Sub-holding Rights.

- 16.7** The Investor's beneficial interests described in sections 14.5 and 14.6 shall be held by Mainspring on trust for the Investor such that the Investor has an equitable interest in an undivided portion of the Aggregate Holding or Mainspring's Aggregate Sub-holding Rights, as appropriate.
- 16.8** Investments held by Mainspring may be released on completion of sales or for administrative purposes. Mainspring will not use Investments held on behalf of the Investor for Mainspring's own account.

Collateral & lending

- 16.9** The Investments shall not be lent to a third party or borrowed against (by either the Investor, the Manager, Mainspring or any Sub-Custodian) and are free of mortgage, charge, pledge, lien, right of set-off or any security interest, encumbrances and claims whatsoever in favour of a third party.
- 16.10** Mainspring will not enter into any TTCA. Where Mainspring entered into a TTCA before 3 January 2018, Mainspring will take all reasonable steps to promptly terminate such arrangements.

Securities financing

- 16.11** Mainspring may not enter into arrangements for securities financing transactions or otherwise use assets in the Investment Account for its own account or the account of another client (including where held on behalf of a client in an omnibus account maintained by a third party) unless the Manager has given express prior written consent and the use is restricted to the terms specified in writing between the Parties and in accordance with the FCA Rules.

Lien

- 16.12** In addition to any right of legal or equitable set-off or lien or other right to which Mainspring is entitled under any applicable Law and in accordance with the FCA Rules, Mainspring shall also have a general lien over Investments from time to time credited to an Investment Account of the Investor and a right of set-off in respect of any cash derived from those Investments and standing to the credit of that Investment Account in respect of (a) all fees and charges properly due and payable to Mainspring and (b) any other charge or liability properly incurred by Mainspring, in either case in connection with Mainspring's provision of the Services in respect of that Investment Account.

When a Sub-Custodian or other third party, such as a depository, is involved in relation to the Investments, such entity may also have a security interest or lien over, or right of set-off in relation to, the relevant Investments, to the extent permitted by the FCA Rules.

- 16.13** The Manager authorises Mainspring to grant security interests, liens and rights of set-off over the Manager's Investments to Sub-Custodians to enable Sub-Custodians to dispose of the Manager's Investments in order to recover debts in accordance with the FCA Rules.

Information

- 16.14** Note: Holding Investments in a pooled account could make the Investor's individual holdings more time consuming and difficult to identify than if the Investor were to have a separate account in the event of default by Mainspring or a Sub-Custodian. Individual entitlements may not be identifiable by separate certificates, other physical documents or equivalent electronic record. In the event of an irreconcilable shortfall after the default of Mainspring or a Sub-Custodian, clients may share in that shortfall in proportion to their original share of their assets in the pool.
- 16.15** Note: When Investments are held overseas, there may be different Settlement, legal and regulatory requirements from those applying in the United Kingdom, together with different practices for the separate identification of clients' investments. In the event of a failure of an overseas Sub-Custodian the Investments may be treated in a different manner from that which would apply if the Investments were held by a custodian in the UK.

Reporting

- 16.16** Mainspring will comply with all necessary reporting obligations relating to statements of the Manager's Investments as required under the FCA Rules.

Registration

- 16.17** Mainspring will register all registrable Investments in the name of a Mainspring Entity or arrange with a Sub-Custodian for all registrable Investments to be registered and recorded in the name of that Sub-Custodian or its nominees as Mainspring considers to be appropriate and in accordance with the FCA Rules from time to time.
- 16.18** Mainspring will notify the Manager if Investments are registered or recorded in the name of Mainspring or a Sub-Custodian or other third party other than a

CUSTODY AGREEMENT

nominee (including but not limited to a Mainspring Nominee). Such registration or recording will be permitted if the Investment is subject to the Law or market practice of a jurisdiction outside the United Kingdom and Mainspring has taken reasonable steps to determine that it is in the Investor's best interests to register or record it in that way, or that it is not feasible to do otherwise, because of the nature of the applicable Law or market practice. When Investments are so registered, the Manager acknowledges on behalf of the Investor that the Investments may not be segregated from the investments of such an entity and that in the event of that entity's insolvency, the Investor's assets may not be as well protected from claims made on behalf of the general creditors of that entity.

Corporate Actions

- 16.19** Mainspring shall pass on details of any corporate actions to the Manager promptly on becoming aware of them.
- 16.20** Mainspring will not be responsible for taking up rights, exercising conversion or subscription rights or dealing with takeovers, other offers or capital reorganisations in connection with Investments, other than as instructed by the Manager.

Record keeping

- 16.21** Record keeping of the documents agreed between Mainspring and the Manager which sets out the rights and obligations of the Parties under an agreement to provide services or the terms on which Mainspring provides services shall be maintained by Mainspring for at least the duration of the relationship with the Manager.
- 16.22** Additionally, records and accounts will be maintained by Mainspring so that they may be used as an audit trail.
- 16.23** Any agreement regarding any arrangement relating to a TTCA will be retained by Mainspring from the date of the agreement and until 5 years after the agreement is terminated.

17 CASH

- 17.1** Mainspring shall hold any cash of the Investor as client money as defined in the FCA Rules ("Client Money") in accordance with the FCA Rules on Client Money (the "Client Money Rules"). The Investor acknowledges and agrees that Mainspring may appoint a bank or banks to hold cash held on the Investor's behalf in a 'client bank account' as defined in the FCA Rules (a "Client

Bank Account") along with cash of other customers of the Manager for whom Mainspring provides Custody Services. Mainspring shall ensure that the specific interests of the Investor in such account are recorded by Mainspring. Cash held in such an account will be held by the bank as banker and the bank will not be required to hold the cash as trustee or in accordance with the Client Money Rules. Therefore the cash may not be segregated from such bank's own money and may be used in the course of that bank's business, and Mainspring acting on behalf of the Investor will rank only as a general creditor of the bank.

- 17.2** Prior to opening a Client Bank Account, Mainspring shall require from the relevant institution an 'acknowledgement of trust' document that satisfies the requirements in rule CASS 7.18.2 R of the FCA Rules (or its successor rule from time to time).
- 17.3** Mainspring will provide information to the Manager with respect to such accounts as is required by the Client Money Rules, and the Manager will communicate such information to the Investor with respect to such accounts as required by the Client Money Rules and, when necessary, shall obtain appropriate consents from and shall give appropriate notifications to the Investor.
- 17.4** Mainspring will use all due skill, care and diligence in the selection, appointment and periodic review of the bank or banks appointed to hold cash held on the Investor's behalf and the arrangements for the holding of such cash.

18 CASH MANAGEMENT

- 18.1** Unless otherwise agreed between the Investor and the Manager, all interest earned on cash held on behalf of the Investor by Mainspring will be retained by the Manager and Mainspring.
- 18.2** The Manager acknowledges that the allocation of cash receipts to the Investor may result in fractional entitlements of less than a penny. In such cases, having taken adequate steps to allocate such receipts to the Investor on a basis that enables their fair distribution, Mainspring may in circumstances agreed with the Manager and where consistent with the FCA Rules, cease to treat the fractional entitlements as Client Money of the Investor.
- 18.3** The Manager will be responsible for claiming any dividends, interest and any other entitlements from Investments held on the Investor's behalf. Once received by Mainspring, such entitlements will be placed in a Client Bank Account operated by Mainspring as described in clause 18.1.

CUSTODY AGREEMENT

- 18.4** Mainspring will only transfer Client Money to a third party in accordance with the FCA Rules.
- 18.5** Tax may be deducted from payments due to the Investor if it is due to be deducted under any applicable Law or practice. However, Mainspring shall bear no responsibility for advising, and shall be under no duty to advise, the Manager or the Investor on their tax affairs.
- 18.6** The Investor consents to the following:
- if there has been no movement on a Client Money balance of the Investor of less than £1,000 for a period of at least six years (notwithstanding any payments or receipts of charges, interest or similar items); and
 - Mainspring has taken reasonable steps to contact the Investor to return the balance,
 - Mainspring may cease to treat the balance as the Investor's Client Money. Before doing so Mainspring will write to the Investor at the last known address informing the Investor of Mainspring's intention to do so and giving the Investor at least 28 days to claim the balance. Mainspring will make good any valid claim against released balances.

19 DEALING

- 19.1** Mainspring will only execute an order for an Investment when:
- the necessary amount of cleared funds or Investments are held by or on behalf of Mainspring on the Investor's behalf; and
 - it receives specific written instruction (to include email) from the Manager as to (a) the instrument which shall be the subject of the transaction, (b) the time at which the order is to be executed, (c) the execution venue on which the order must be executed, (d) the price at which the order must be executed and (e) the settlement date for the transaction (if other than the standard settlement period for the instrument in question).
- 19.2** The Manager acknowledges and agrees (on its and the Investor's behalf) that Mainspring's obligation to provide best execution shall be satisfied by the Manager's instruction given in accordance with clause 19.1(ii) and when such instruction requires the execution of an order outside of a 'regulated market' or a 'multilateral trading facility' (both as defined in the FCA Rules), the Manager consents (on its and the Investor's behalf) to such execution. In accordance

with clause 4.6 Mainspring will not, and will not be required to, provide or assess advice on the merits, suitability or appropriateness of transactions which take place as a result of the Services. For information about Investments, the risks associated with Investments and execution venues the Investor should consult the Manager.

- 19.3** Unless otherwise agreed with Mainspring, when funds are to be transferred to Mainspring for the purposes of clause 19.1(i) they should be transferred by way of telegraphic transfer or by cheque. If funds are received by cheque, Mainspring will not complete any investment or transfer instruction until it has received cleared funds into the relevant Client Bank Account, which may be up to 6 working days from receipt of the cheque by the relevant bank.
- 19.4** The Manager acknowledges that an instruction may give rise to Mainspring effecting a transaction on the Investor's behalf that results in fractional entitlements. When an issue of new shares is over-subscribed the Manager will be solely responsible for determining the allocation of shares and Mainspring will be able to rely on their determination.
- 19.5** When Mainspring agrees to execute an instruction, Mainspring may aggregate orders for the Investor with those orders of other customers and for itself. This may include combining a number of orders from customers for the purchase or sale of a single investment. Mainspring will only do so when it reasonably believes that it is unlikely that the aggregation would work overall to the disadvantage of those customers. However, the effect of aggregation may operate on some occasions to the Investor's disadvantage in relation to a particular instruction.
- 19.6** In the absence of any written notification (to include email) from the Manager to the contrary, the Manager acknowledges and agrees on behalf of the Investor that Mainspring may act on instructions that give rise to Mainspring dealing for the Investor in circumstances in which the relevant transaction is not regulated by the rules of any stock exchange, multilateral trading facility or investment exchange.

20 TRANSFER OF INTERESTS

- 20.1** Unless otherwise agreed in writing (to include email), the Investor will not transfer or charge, or purport to transfer or charge, its interests in its Investments held by Mainspring to another party.

CUSTODY AGREEMENT

Variation and termination

- 21.1** This Custody Agreement may only be extended or amended as provided herein. As between the Investor and Mainspring: (i) this Custody Agreement constitutes the entire agreement between Mainspring and the Investor about the subject matter of this Custody Agreement and supersedes all earlier understanding and agreements between Mainspring and the Investor and all earlier representations by either of them about such subject matter; and (ii) Mainspring and the Investor have not entered into this Custody Agreement in reliance upon any representation, warranty, undertaking, covenant, promise or statement. This clause 21.1 shall not exclude the liability of a party for fraud or fraudulent misrepresentation or concealment or any resulting right to rescind this Custody Agreement.
- 21.2** Mainspring may amend this Agreement in order to comply with, or to make the Agreement consistent with, any legal or regulatory requirements or changes to which Mainspring may be subject by providing a written notice to the Manager of such amendment.
- 21.3** Any amendment under this clause shall take effect on the date specified in the written notice, which shall not be less than 5 business days after the issue of the notice.
- 21.4** Mainspring may terminate this Custody Agreement by giving the Manager not less than 90 days' notice in writing (to include email).
- 21.5** If the Manager or Investor is in breach of a material obligation under this Custody Agreement, Mainspring may terminate this Custody Agreement by giving:
- in the case of a material breach that is not capable of remedy, ten business days' written notice (to include email); or
 - in the case of a material breach capable of remedy, thirty days' written notice (to include email) to the Manager, provided that the breach is not remedied within the notice period.
- 21.6** The Manager may terminate this Custody Agreement on behalf of the Investor on immediate written notice (to include email) to Mainspring.
- 21.7** This Custody Agreement will terminate on Mainspring being given written notice (to include email) that the Investor has ceased to be a customer of the Manager in respect of the Investments held by Mainspring under this Custody Agreement.
- 21.8** Whenever possible the termination of the Custody Agreement will be without prejudice to the completion of transactions already initiated but there may be circumstances when this completion may not be possible. If, at the time of termination, stock has been purchased on behalf of the Investor which has not been physically delivered due to an illiquid market or stock shortage, Mainspring shall liaise with the Manager to agree how to proceed.
- 21.9** After the termination of this Custody Agreement Mainspring will:
- to the extent permitted by the FCA Rules, transfer any cash and Investments held by Mainspring on behalf of the Investor to such person as the Manager or, notwithstanding clause 8.1, the Investor in the absence of an instruction from the Manager or when termination has occurred under clause 21.6, shall specify. Mainspring shall be entitled to deduct from such cash any reasonable direct out of pocket costs and expenses incurred by Mainspring in making such transfers; and
 - provide the Services until the transfers in clause 21.8 have been completed and shall be entitled to the fees and other charges for the Services referred to in clauses 6.1 and 6.2 for doing so.

22 REPRESENTATIONS AND WARRANTIES

- 22.1** Mainspring and the Manager each represent and warrant to each other on a continuing basis that:
- it is duly incorporated, established or constituted (as the case may be) and validly existing under the Laws of its country of incorporation, establishment or constitution (as the case may be);
 - it has and will continue to have full authority to enter into this Custody Agreement and to contract with the other party regarding the provision of the Services;
 - it has and shall maintain all authorisations, permissions, licences and permits necessary for it to perform its obligations under this Custody Agreement;
 - it does not require the consent of any governmental or other regulatory body except for such consents already obtained and disclosed to the other party; and
 - this Custody Agreement constitutes a legal, valid and binding obligation, enforceable in accordance with its terms.

CUSTODY AGREEMENT

23 LIABILITY

- 23.1** Subject as provided in this Custody Agreement, Mainspring will only be liable to the Manager or the Investor for losses or costs suffered by the Manager or the Investor to the extent that they have resulted from the negligence, fraud or wilful default of Mainspring Entities in performing obligations under, or Material Breach of, this Custody Agreement. Material Breach includes, without limitation, any breach of this Agreement which (i) derives from non-compliance by Mainspring of laws and regulations applicable to this Custody Agreement, or to the performance of the Custody Services provided by Mainspring pursuant to this Custody Agreement; or (ii) relates to a series of persistent breaches or an accumulation of different breaches and which together materially adversely affect the relationship between the Manager and the Investors or the Manager's reputation and standing with investors; and which, in either case, are either not capable of being remedied or, if capable of remedy, remain unremedied after a reasonable period for remediation following written notice from the Manager requesting such breaches to be remedied.
- 23.2** Mainspring shall not be liable for any loss the Investor suffers as a result of complying with instructions accepted by Mainspring in good faith from the Manager.
- 23.3** Mainspring shall not be liable to the Investor or the Manager for the acts or omissions of any Sub-Custodian or bank.
- 23.4** Mainspring shall not be liable for losses suffered as a result of delays to or the inability to effect re-registration.
- 23.5** In the event that the Investor suffers a loss as a result of any act or omission of a Broker for which the Broker is reasonably considered liable under the terms of its appointment, Mainspring shall take all commercially reasonable action to enforce the terms of the contract with that Broker, subject to the Manager indemnifying Mainspring in respect of all costs, charges and expenses that are reasonably and properly incurred by Mainspring as a consequence of any such action, and pass any recoveries on to the Investor. Mainspring shall not otherwise be liable for the acts or omissions of the Broker.
- 23.6** In the event that the Investor suffers a loss as a result of any act or omission of a Sub-Custodian, Mainspring shall take all commercially reasonable action to recover amounts lost by the Investor from that Sub-Custodian, subject to the Manager indemnifying Mainspring in

respect of all costs, charges and expenses that are reasonably and properly incurred by Mainspring as a consequence of any such action, and pass any recoveries on to the Investor. Mainspring shall not otherwise be liable for the acts or omissions of the Sub-Custodian.

- 23.7** In no event shall Mainspring be liable for any indirect or consequential losses or loss of profits, goodwill, reputation, business opportunity or anticipated saving or for special or consequential damages, whether Mainspring has been advised of the possibility of such losses or damages or not.
- 23.8** Nothing in this Custody Agreement shall exclude or restrict any duty or liability which Mainspring may have to the Manager or the Investor under the Financial Services and Markets Act 2000 or the FCA Rules or exclude any liability of a party for fraud or wilful default.

24 INDEMNIFICATION OF MAINSPRING

- 24.1** When required, the Investor agrees to ratify all acts properly carried out by Mainspring or a Mainspring Entity or a Sub-Custodian in the proper performance of and in accordance with the terms of this Custody Agreement.
- 24.2** The Investor agrees to fully and effectively indemnify and keep indemnified Mainspring on an after-tax basis against any and all losses suffered and costs incurred (but excluding Mainspring Entities' normal operating costs and expenses associated with the provision of the Services) by a Mainspring Entity (including direct losses sustained by a Sub-Custodian or other third party used for the performance of the Services and passed to a Mainspring Entity) in connection with the Investments or the performance of the Services, provided that Mainspring shall not be indemnified against any losses or costs to the extent that they arise:
- directly out of the negligence, fraud or wilful default of, or Material Breach (as defined in clause 21.1) of this Agreement by, a Mainspring Entity; or
 - as a result of a claim made by a Sub-Custodian or other third party and Mainspring has not used its reasonable endeavours to mitigate such claim.

25 BUSINESS INTERRUPTION

Under no circumstances whatsoever shall Mainspring be responsible or liable for any claim, loss, damage, expense or cost suffered arising in consequence of any breach, failure to perform or delay in performing any of Mainspring's obligations to the Investor under this Custody Agreement to the extent that such breach, failure, delay or inability results from or relates to

CUSTODY AGREEMENT

any cause beyond Mainspring's reasonable control, including, but not limited to: (a) war, terrorism, riot, civil unrest, strike, lockout or other labour action, Acts of God, storm, fire, earthquake, explosion, flood, electrical failure, confiscation and/or action of any government or governmental agency; (b) any breakdown in communications whether between Mainspring and the Manager or between Mainspring and any exchange or any intermediate broker or other third party with or through whom Mainspring are dealing on the Investor's behalf or the failure or defective operation of any computer system; (c) the absence or inaccuracy of any information provided to Mainspring by the Investor, the Manager or on the Investor's behalf by any exchange, information provider or any intermediate broker or other third party with or through whom Mainspring is dealing on the Investor's behalf.
