## SERVICES GUIDE

This Services Guide explains what TIME:AIM is and how it works. It is divided into five sections:

1. The Service
2. The Custodian
3. How does it work?
4. What tax might I pay?
5. Complaints

This Services Guide should be read together with the Brochure, Application Form, Portfolio Management Agreement, Risks, Glossary, and Custody Agreement, which together describe and set out the terms of the TIME:AIM discretionary management service (together, the "Application Pack"). Where relevant, words and expressions used in this document have the meanings given to them in the Glossary.

You are specifically referred to the Important Information and risks sections of the Brochure and the Risks section of this Application Pack, which you and your Adviser should read and understand. The Application Pack has been prepared as at January 2020 and is subject to updating from time to time.

### 1. THE SERVICE

#### 1.1 What is TIME:AIM?

TIME:AIM is a discretionary management service that offers you a fast, simple and effective solution which aims to reduce your inheritance tax (IHT) liability through the acquisition of a Portfolio of Shares in Business Relief (BR) qualifying companies listed on AIM. TIME:AIM is managed by us, TIME Investments (TIME).

#### 1.2 What is Business Relief?

Business Relief was introduced in 1976 principally to assist in the transfer of family owned trading companies between generations without the need to sell the company to pay IHT. It was later extended to cover certain other companies.

An individual investing in the shares of an unquoted (or certain AIM-listed) trading company qualifies for 100% BR, provided that the shares have been held for a minimum of two years and were held at the date of death.

HMRC will determine availability of BR on an individual basis as part of the probate process following death.

There are substantial potential IHT savings associated with investment in TIME:AIM, since the value of a chargeable estate above the nil rate band (set at £325,000 for an individual until 2018) is currently taxed at 40%.

#### 1.3 What is the discretionary management service?

We will invest your money into a portfolio of AIM listed trading companies which we reasonably believe to qualify for BR.

The TIME Allocation Committee will select the AIM listed companies in which to invest your money and review the performance of the Portfolio on an ongoing basis. This Committee comprises members of TIME's senior management.

The TIME Allocation Committee will monitor and may adjust your Portfolio on an on-going basis; it will also typically rebalance your Portfolio in line with a model portfolio on an annual basis, however the frequency and scope of rebalancing may change subject to market conditions and may be varied or suspended if the cost of the rebalancing is deemed by TIME to be prohibitively expensive for Investors.

Investors into TIME:AIM will not be required to decide the industry sectors and markets in which to invest nor deal with ongoing paperwork relating to their investments. We will decide on your behalf in which companies your money is invested, monitor the performance of your Portfolio and deal with any ongoing approvals required.

#### 1.4 What are the Investment Objectives?

The Investment Objective of TIME:AIM is to provide Investors with access to BR via a Portfolio of Shares in AIM companies which have the potential for growth.

**SERVICES GUIDE**

We will utilise advanced market screening techniques to select for Investors a Portfolio of the largest available BR qualifying AIM Companies. Our screening process evaluates the financial fundamentals of potential AIM Companies and will seek to exclude, for example, rapidly expanding AIM Companies which are not profitable, or AIM Companies which trade on high earnings multiples.

We will seek to reduce the volatility of an Investor's Portfolio through the selection of Shares in AIM Companies which have demonstrated lower than average price volatility.

**1.5 Should I invest in TIME:AIM?**

The circumstances of each investor are unique. Therefore you should seek advice from your authorised financial intermediary (Adviser). For this reason we will only accept applications from you via your Adviser.

We believe that the suitability of TIME:AIM for you should be monitored on a regular basis, so we recommend that you have a continuing relationship with your Adviser whilst you invest through TIME:AIM. We are not authorised to provide advice as to either initial suitability or whether TIME:AIM remains suitable for you on an ongoing basis.

TIME:AIM may be utilised by both UK residents and non-UK residents who are tax domiciled in the UK. You should consult your professional advisers in respect of your tax residence and domicile position, as the rules are complex. If you are UK tax domiciled, you will be subject to IHT on your worldwide estate, even if you have lived most of your life outside the UK.

TIME does not permit US persons to invest in TIME:AIM. If you think you may be a US person or a tax resident outside of the UK you should inform your Adviser who should speak to TIME. You may be asked to provide TIME with additional information which TIME may be required to provide to HM Revenue & Customs or any other governmental, tax or regulatory authority from time to time.

**1.6 Can I invest as Attorney?**

Yes. TIME:AIM is suitable for investment under a Power of Attorney since the service targets a financial return, and does not require the loss of access to capital, unlike gifting or trust structures. Attorneys should forward a certified copy of the Power of Attorney, provide proof of identity, and complete Part 3 of the Application Form.

**2. THE CUSTODIAN**

To provide you with additional protection, your cash and Shares will be held by an FCA regulated and authorised custodian on your behalf. The Custodian will initially be Mainspring Nominees Limited, but may be any alternative custodian appointed by TIME as your agent from time to time. This may include an appropriately regulated and authorised associate of TIME. The Custodian will hold your subscription monies prior to buying Shares in a segregated and pooled client bank account with trust status and may hold all of your AIM listed shares through a sub-custodian. Any cash not invested in Shares (See 4.2: When is my money invested?) will also be held in this client bank account. The fees of the Custodian are payable by the Investor.

The Application Pack includes a Custody Agreement, authority for TIME to enter into that Custody Agreement (or a replacement one) as your agent, and authority for the Custodian to appoint the Broker and to give authority to TIME to instruct the Broker in relation to the sale or purchase of Shares and any Investor approvals. TIME may appoint an alternative custodian if, for whatever reason, this proves necessary or desirable. Any replacement custodian appointed would also be regulated by the Financial Conduct Authority (FCA).

The Custodian is separately authorised and regulated by the FCA. TIME will be the Custodian's client for regulatory purposes. You will not therefore have any right to complain about the Custodian's services to the Financial Ombudsman Service (FOS), although you may be entitled to compensation from the Financial Services Compensation Scheme (FSCS) if the Custodian cannot meet its obligations – see section 6 below.

**3. BROKERAGE**

Shares may be purchased and sold on behalf of Investors via an FCA registered Broker which will be appointed by the Custodian. The Broker(s) will be subject to best execution obligations. The fees and commissions levied by the appointed Broker(s) which are not taken from TIME's Dealing Fee will be charged to an Investor's Portfolio and will reduce the amount invested or realised.

**4. HOW DOES IT WORK?**

**4.1 How do I apply?**

- Your Adviser will provide you with the Application Pack and could, if needed, assist you with completing the Application Form.

## SERVICES GUIDE

- Unless your Adviser already holds it, they will also ask you for proof of identification.
- Your Adviser should send the completed Application Form to TIME with your cheque for a minimum of £25,000. Alternatively, you can send your money via electronic transfer. Please see page 2 for details of where to send your money.
- Typically you will need to agree an initial and ongoing fee arrangement with your Adviser, and note the terms on the Application Form. We will arrange for cash to be retained within your Portfolio to pay any ongoing fees agreed with your Adviser.

### 4.2 When is my money invested?

Normally we will use your Subscription to buy shares in AIM listed companies within four weeks of receipt of cleared funds.

For the purpose of BR qualification the two year period commences on the date on which we buy Shares on your behalf (Acquisition Date).

The Net Subscription Amount, used to acquire Shares, will be your Subscription after deducting any Initial Adviser Fee, the TIME Initial Charge and Dealing Fee (such fees to be deducted and paid on or around the Acquisition Date) and an appropriate amount from the Net Subscription to be retained by the Custodian in cash, to pay any other fees that become due from the Investor as described in the Glossary. TIME will also instruct the Custodian to retain any dividends and/or cash proceeds received as a result of the rebalancing of your Portfolio so that an appropriate amount of your Portfolio is retained in cash on an on-going basis. TIME will have the authority to instruct the Custodian to pay any fees which become due from the Investor as described in the Glossary from this retained cash.

Shares will be purchased via the AIM market or acquired from existing Investors on a matched bargain basis.

You and your Adviser will be provided with confirmation either by post or email on receipt of your Application Form. You will also be provided with a confirmation when we have acquired your Shares, typically within five Business Days.

### 4.3 How much can I invest?

Your initial Subscription should be a minimum of £25,000. There is no maximum. You can make further Subscriptions in minimum amounts of £15,000, although the two year period to qualify for

BR in respect of further Subscriptions will generally apply from each Acquisition Date. To make further Subscriptions you should complete an additional Application Form.

### 4.4 Can we invest jointly?

Yes. You and your spouse or civil partner can invest together, if your Adviser considers it suitable for you both. You should ask your Adviser to contact us for a joint Application Form.

### 4.5 What If I change my mind?

Within 14 days of sending TIME your Application Form you may cancel the TIME:AIM service, by sending a signed cancellation request to TIME. In this event you will receive a refund of your Subscription monies, less any fees or costs payable by TIME to your Adviser or third parties.

However if the funds have already been invested, we will need to sell your Shares, which would normally occur at the next dealing day. In this event any Initial Charge or Dealing Fee received by TIME would be refunded, to the extent not already paid to third parties. In addition, Broker fees and commissions may be incurred and Capital Gains and/or Income Tax may be payable. In the event of a market downturn you may not receive back your full Subscription Amount.

### 4.6 How do I check my Portfolio?

You will be provided with a statement confirming transactions in the previous quarter, the number of Shares you hold and their value as at 5 January, 5 April, 5 July and 5 October each year.

If you have provided an email address on the Application Form you will be registered for access to our secure online Web-Portal where you can view statements for your investment. You can choose to receive updates on your investment electronically or through the post by ticking the relevant box on the Application Form. Your Adviser will be able to access your statement via the secure online Web-Portal.

### 4.7 How do I give you instructions?

You will need to sign any withdrawal request or change to standing instructions for example in relation to the ongoing adviser fee.

If you wish to change your authorised financial intermediary, either you or your new Adviser should contact TIME and we will forward the necessary form to you. If your Adviser ceases to act for you for any reason (e.g. upon their retirement), you should appoint

## SERVICES GUIDE

a substitute authorised financial intermediary who will be able to continue to advise you on suitability, otherwise TIME may withdraw you from the service.

### 4.8 How do I advise you of a change in my details?

If any of your contact details change, such as postal or email address or bank details you should write to TIME Investments, and ensure you sign the letter.

### 4.9 Can I transfer to a trust?

After two years you can review whether you should continue to own your Shares through TIME:AIM or consider transferring them into a discretionary trust, which could have potential advantages if you no longer need access to your capital. You should take specialist professional advice before deciding whether to establish a trust.

### 4.10 How will you value my shares?

Shares will be valued at their market value, typically the closing price available on the relevant valuation date.

### 4.11 How can I withdraw my money?

Although BR is only available if Shares are held at death, we recognise that you may need the ability to realise your investment either to meet unexpected financial commitments or because your personal circumstances have changed. You can at any time make a partial or full withdrawal request to realise some of, or all of your Portfolio.

A withdrawal will be made by a sale of your Shares, either on the market or to an incoming or existing Investor. If sold via the AIM market the price will be the market value realised in respect of such sale, minus any dealing fees and broker commissions. Shares sold to incoming Investors will be at open market value, which is typically the price achieved by the Broker for the Shares which are physically traded on the dealing day in which the matched bargain transfer occurs.

We would generally expect withdrawals to be processed on a monthly basis. Normally we would expect that the proceeds will be sent to you within two weeks following the sale of Shares. Timing could be subject to a number of factors including Investor inflows into TIME:AIM, the timing of receipt of the withdrawal request, and liquidity within the AIM Market.

Withdrawals should be in a minimum amount of £15,000. If your withdrawal would reduce the value of your holding below £25,000, we may request that you sell your entire Portfolio or you may prefer to reduce your withdrawal request.

### 4.12 What happens on death?

Your executors should contact us requesting a valuation as at the date of death. As part of the probate process your executors will submit a form to HMRC (currently form IHT-412). Assuming HMRC confirmation of applicability of BR, your Shares held via TIME:AIM will be excluded from calculations of IHT due on your estate.

Following the grant of probate, either a withdrawal request can be made or your beneficiary can request the transfer of the Shares into his or her name. If retention is their preferred option, your beneficiary will need to complete an Application Form.

BR is immediately available on a transfer of a BR-qualifying investment where that transfer is made to a spouse. BR may also be available for qualifying successive transfers within a two year period. You should seek independent advice from a qualified tax adviser in this regard. Please note that TIME Investments is unable to provide tax or investment advice.

## 5. WHAT TAX MIGHT I PAY?

You are recommended to take your own tax advice, as your personal circumstances will dictate the tax that is payable and you should receive tax advice on an on-going basis to take account of legislative changes. We do not provide tax advice. The tax which you might pay will depend in part on whether the Shares are sold to new Investors or redeemed.

In the event of a sale of Shares either via the AIM market or to an incoming Investor, the gain may be subject to Capital Gains Tax and could benefit from your annual Capital Gains Tax allowance. On death no Capital Gains Tax is payable, whatever the size of gain.

Any dividends received may be subject to Income Tax at the Investor's marginal rate for dividends.

In the event that an Investor dies within two years of the Acquisition Date, BR relief may not be available.

#### 6.1 What if I need to complain?

We hope that you do not have cause for complaint, but if you do, please contact us by phone, email or in writing. Any written complaint (whether relating to TIME or the Custodian) should be addressed to the Compliance Officer, TIME Investments, 338 Euston Road, London NW1 3BG. We will investigate the circumstances and respond to you. A copy of our complaints-handling procedure is available on request or on our website at [time-investments.com/complaint-handling-procedure/](http://time-investments.com/complaint-handling-procedure/).

If we are unable to resolve your complaint, you may have the right to refer your complaint to the Financial Ombudsman Service (FOS). The FOS is an independent service set up to resolve disputes between eligible complainants and financial services businesses. The FOS can be contacted at Exchange Tower, London, E14 9SR. Further information can be found at [www.financial-ombudsman.org.uk](http://www.financial-ombudsman.org.uk).

We are a participant in the Financial Services Compensation Scheme (FSCS). You may be able to claim compensation from the FSCS if TIME is in default and unable to meet its financial obligations to you. The amount of compensation available to an eligible claimant from the FSCS is up to £85,000 for investment business. For further information about the FSCS (including eligibility to claim) you should refer to the FSCS website [www.fscs.org.uk](http://www.fscs.org.uk).

Your Portfolio will be held by the Custodian (itself or through a Sub-Custodian), which is also authorised and regulated by the FCA; however you will not be a client of the Custodian for regulatory purposes (its client will be TIME, which will enter into the Custody Agreement as your agent) so you will not have a right to complain about the Custodian's services to the FOS, although you may still be entitled to compensation from the FSCS if it cannot meet its obligations. The maximum amount of compensation is £85,000.

In addition, you

## PORTFOLIO MANAGEMENT AGREEMENT

understand that to the extent that the value of the Shares decreases between the Acquisition Date and the date of withdrawal, the monies returned may be less than the Subscription Amount. TIME will endeavour to arrange the return of any such monies as soon as practicable. You will not be entitled to interest on any monies returned pursuant to clauses 7.2 or 7.3.

- 7.4** Where you do not exercise the right to cancel within the time period set out in clause 7.1, any termination of this Portfolio Management Agreement will be governed by the provisions of clause 13.

- 8.2** If, as a result of a withdrawal, the value of the Portfolio would be less than £25,000 or if the request for a Partial Withdrawal is for an amount of less than £15,000, TIME may refuse to execute the withdrawal request. In the event that TIME refuses a request pursuant to this clause, it will promptly notify you of such refusal and offer you the opportunity to recall or amend the relevant request or make a Final Withdrawal.
- 8.3** TIME will be entitled to deduct, or will instruct the Custodian to deduct, from the withdrawal amount any outstanding fees and expenses (including any unpaid Fees and charges incurred in realising the Shares) before sending the net proceeds to the relevant bank account specified in the Application Form.
- 8.4** You acknowledge that Shares sold to give effect to a withdrawal request will upon such event cease to be Qualifying Investments.
- 8.5** In exceptional circumstances such as a change in law or practice TIME may choose to satisfy withdrawal requests (including pursuant to clause 13) wholly or partly by the transfer of investments comprised within the Portfolio.

## 9. ORDER EXECUTION

- 9.1** TIME operates an Order Execution Policy as required by the FCA Rules. TIME will generally facilitate the purchase of Shares and withdrawals on a monthly basis. You confirm you have read and understand TIME's Order Execution Policy, as set out in Schedule A to this Portfolio Management Agreement and consent to TIME executing its orders in accordance with TIME's Order Execution Policy, and in particular to the fact that such orders will be executed outside of a regulated market and may be executed outside of a multi-lateral trading facility as described in this clause 9.
- 9.2** TIME may purchase or sell Shares either through the Broker(s) or by executing transactions outside of AIM between different Investors holding Portfolios in respect of the TIME:AIM service. You specifically instruct TIME to execute transactions on your behalf by buying or selling Shares from/to other Investors rather than through a Broker if TIME considers this to be in your best interests, including to reduce transaction-related costs.
- 9.3** TIME may (subject to its Order Execution Policy) deal on such markets or exchanges and with such counterparties as it thinks fit. All transactions will be effected in accordance with the rules and regulations of the relevant market or exchange, and TIME may take all such steps as may be required or permitted by such rules and regulations and/or by appropriate market practice.
- 9.4** If any counterparty fails to deliver any necessary documents or to complete any transaction, TIME will take all reasonable steps on your behalf to rectify such failure or obtain compensation in lieu thereof. All resulting reasonable costs and expenses properly incurred by TIME shall be reimbursed to it from the Portfolio.
- 9.5** TIME may aggregate your transactions with those of other Investors and will allocate such transactions on a fair and reasonable basis in accordance with the requirements of FCA Rules. You recognise that each individual aggregated transaction may operate to the advantage or disadvantage of you as its client.
- 9.6** You confirm that you have read and understood TIME's Order Allocation Policy, as set out in Schedule B to this Portfolio Management Agreement, and consent to TIME allocating orders in accordance with its Order Allocation Policy.

## PORTFOLIO MANAGEMENT AGREEMENT

### 10. FEES

TIME will be entitled to receive the Fees, calculated and payable as set out in the Glossary. The Fees are exclusive of any value added or similar taxes which will be payable in addition if applicable. TIME is hereby authorised to instruct the Custodian to pay the Fees on behalf of the Investor. TIME shall provide a breakdown of the fees and related charges as required by the FCA Rules.

### 11. CUSTODY

**11.1** TIME will not hold the Shares or money directly and it will (as agent on behalf of the Investor pursuant to the terms of this Portfolio Management Agreement) appoint the Custodian to do so pursuant to the Custody Agreement.

**11.2** You nominate TIME and grant full power and authority to TIME to provide and receive communications and instructions on your behalf and, unless otherwise stated, to your exclusion for the purposes of the Custody Agreement. TIME may instruct the Custodian to take such steps as may be necessary to manage the Portfolio, including selling Shares to pay the Fees and any Adviser Fees.

### 12. VALUATION AND REPORTS

**12.1** TIME will ensure that the Custodian makes available via the secure online Web-Portal, or by other means, a periodic statement to you and your Adviser every quarter as at 5 January, 5 April, 5 July and 5 October. The periodic statement will contain all of the information required by the FCA Rules. TIME will request the Custodian to disclose within the periodic statement the value of client money balances (if any) held by the Custodian in accordance with the FCA's Conduct of Business Sourcebook. All such reports will be provided within 90 days of the period end. Receipts, the Fees and the Adviser Fees will be shown as separate items on statements from the Custodian, when received or paid.

**12.2** Valuations for the Portfolio in the periodic statements provided pursuant to clause 12.1 will reflect TIME's good faith effort to ascertain fair value of the Portfolio based on valuation information believed by TIME to be reliable. The performance of the Portfolio will not be measured against any stock market or other index.

**12.3** TIME may not accept and retain fees, commissions or any other monetary or non-monetary benefits paid or provided by any third party other than certain minor non-monetary benefits which:

- (a) do not impair compliance with TIME's duty to act honestly, fairly and professionally in accordance with the best interests of its clients;
- (b) enhance the quality of the service TIME provides its clients; and
- (c) are acceptable minor non-monetary benefits.

**12.4** TIME shall notify you and your Adviser, where the overall value of the Portfolio, as evaluated at the beginning of each reporting period, depreciates by 10% and thereafter at multiples of 10% no later than the end of the Business Day in which the threshold is exceeded (or, in a case where the threshold is exceeded on a day which is not a Business Day, the close of the next Business Day).

**12.5** TIME shall make and retain records of telephone conversations and electronic communications relating to the services under this Agreement. TIME shall retain and make available to you such records relating to the reception, transmission and execution of client orders in financial instruments for a period of five years (and where requested by the FCA, for a period of seven years).

### 13. TERMINATION

**13.1** You will notify TIME as soon as reasonably practicable if you terminate your appointment of the Adviser or if the Adviser ceases to act as your authorised financial intermediary, including if it ceases to be appropriately authorised by the FCA, becomes insolvent or if the cost of the service becomes prohibitively expensive for you. If you cease to have an authorised financial intermediary and do not appoint a replacement authorised financial intermediary within a reasonable period of time, TIME may terminate the Portfolio Management Agreement and withdraw you from the service.

**13.2** You are entitled to terminate this Portfolio Management Agreement and to instruct TIME to terminate the Custody Agreement immediately by written notice.

**13.3** TIME is entitled to terminate this Portfolio Management Agreement on 30 days written notice or immediately if it ceases to be appropriately authorised by the FCA or becomes insolvent. In this unlikely event, TIME will make arrangements either for the transfer of the Service to another authorised manager or for its orderly winding down.

**13.4** Termination pursuant to clause 13.2 above will be effective on receipt by TIME of the notice or at such time as is specified in the notice subject in either case to the completion of the sale of all of the Shares.

## PORTFOLIO MANAGEMENT AGREEMENT

- 13.5** Any notice of termination will be treated as requesting a withdrawal in full and the provisions of clause 8 will apply accordingly and, as a result, this Portfolio Management Agreement will not terminate until such time as all of the Shares are sold.
- 13.6** Termination will not in any event affect accrued rights, obligations, existing commitments or any contractual provision intended to survive termination and will be without penalty.
- 13.7** In the unlikely event TIME determines to cease providing TIME:AIM to all its clients, TIME may (following appropriate notifications to you) realise the entire Portfolio and distribute the proceeds (after fees and expenses) in the same way as if you had requested a Final Withdrawal. You acknowledge that this realisation and liquidation process may take a number of years.
- 13.8** After all of the Shares held within the Portfolio have been sold, TIME will arrange for the Custodian to prepare a closing valuation of the Portfolio. TIME's management responsibility for the Portfolio will then cease entirely.
- 14. LIABILITY**
- 14.1** TIME will act in good faith and with reasonable skill and care in managing the Portfolio in accordance with this Portfolio Management Agreement.
- 14.2** Subject to the following provisions of this clause 14, TIME will not be liable for any loss incurred by you except to the extent that such loss is the result of the negligence, wilful default or fraud of TIME or any affiliate.
- 14.3** TIME will not be liable other than under clause 14.2 for any loss suffered by you arising from:
- (a)** the acts, omissions or insolvency of any other person including the Custodian or Sub-Custodian or any Broker;
  - (b)** TIME carrying out or relying on any instructions and on any information provided or made available to TIME by you or your Adviser and/or any person appointed by TIME under clause 15;
  - (c)** save as provided by Applicable Law, a total or partial failure, interruption or delay in the performance of TIME's obligations to the extent that they result from acts, events or circumstances not reasonably within TIME's control (including, but not limited to, acts or regulations of any governmental, regulatory or supranational bodies or authorities, breakdown, failure or malfunction of any telecommunications or computer service and acts of war, terrorism or civil unrest); or
  - (d)** any information provided by you or your Adviser being untrue, inaccurate or incomplete.
- 14.4** Subject to clause 14.2, TIME will not be liable for any loss or damage of any direct or indirect nature caused by any changes in revenue law or practice as determined by HMRC from time to time.
- 14.5** TIME will not be responsible for loss of any indirect or consequential nature such as loss of goodwill, profit or opportunity.
- 14.6** Nothing in this Portfolio Management Agreement will require TIME to take any action which would be in breach of Applicable Law.
- 14.7** Nothing in this Portfolio Management Agreement will exclude or restrict any liability TIME has to you under the UK regulatory system or for fraud, misrepresentation, death or personal injury.
- 15. DELEGATION**
- 15.1** TIME may appoint or retain any affiliate or third party to perform all or any of its obligations under this portfolio management agreement which does not constitute the exercise of TIME's portfolio management powers.
- 15.2** TIME will act with reasonable skill and care in the selection, use and monitoring of any delegate appointed or retained pursuant to clause 15.1 and, provided it has so acted, TIME will not be liable for the acts and omissions of any such delegate.
- 16. AMENDMENT**
- 16.1** TIME may amend this Portfolio Management Agreement if it believes this is necessary in order to comply with HMRC requirements in order to maintain the Shares as Qualifying Investments or in order to comply with any Applicable Law by giving you written notice of such amendment. Such amendment will take effect on the date specified in the written notice.
- 16.2** TIME may make any other amendments to this Portfolio Management Agreement by giving you, not less than 10 Business Days' written notice.
- 17. CONFLICTS OF INTEREST**
- TIME has a conflicts of interest policy ("Conflicts Policy") that sets out the types of actual or potential conflicts of interest that affect TIME's business and how these are managed. The Conflicts Policy also includes details of any conflicts which, were they to

## PORTFOLIO MANAGEMENT AGREEMENT

arise, TIME could not effectively manage. TIME's Conflicts Policy may be updated from time to time and is available on request.

### 18. GENERAL

- 18.1** It will not be possible to hold fractional entitlements to Shares. On acquisition the number of Shares acquired will be rounded down to the next whole number. Similarly the number of Shares sold will be rounded down to the nearest whole number.
- 18.2** TIME, by giving you reasonable notice, may assign or otherwise transfer TIME's rights and/or obligations under this Portfolio Management Agreement (subject to the assumption by the assignee of all TIME's obligations) to an FCA authorised entity.
- 18.3** This Portfolio Management Agreement, the Application Form, the Glossary, the Services Guide and the Brochure will constitute the entire agreement between you and TIME with respect to TIME:AIM. Terms defined in the Glossary shall have the same meaning when used in this Agreement.
- 18.4** No failure on the part of TIME or its affiliates to exercise and no delay by TIME or its affiliates in exercising any right or remedy under this Portfolio Management Agreement will operate as a waiver of the right or remedy or a waiver of any other rights or remedies provided by law.
- 18.5** The illegality, invalidity or unenforceability of any provision of this Portfolio Management Agreement will not affect the legality, validity or enforceability of any other provision of this Portfolio Management Agreement.
- 18.6** Any notice or communication in respect of this Portfolio Management Agreement will be in English and in writing. TIME may send any notice or communication to you at the postal address or email address provided in the Application Form (or such other postal address or email address as may be notified to TIME from time to time). You must communicate with TIME at TIME Investments, 338 Euston Road, London NW1 3BG or such other address as may be notified from time to time.

Notice sent by email will be deemed to be delivered immediately (or on the next Business Day if sent after 5 pm on a Business Day or on a non-Business Day). Telephone calls may be recorded or monitored by TIME.

- 18.7** The Custodian will be entitled to enforce and rely upon any term of this Portfolio Management Agreement where it is specifically named. Other than the Custodian, a person who is not a party to this Portfolio Management Agreement will have no right to enforce any of its terms pursuant to the Contracts (Rights of Third Parties) Act 1999.
- 18.8** This Portfolio Management Agreement will be governed by and construed in accordance with English law and the parties agree to submit to the jurisdiction of the English courts.

## SCHEDULE A

### ORDER EXECUTION POLICY

#### Introduction

We aim to achieve the best possible result for all transactions undertaken on your behalf through the TIME:AIM service. In pursuit of this, and in accordance with the regulatory requirements set out by the FCA we have established an Order Execution Policy that covers, amongst other things, the relevant factors involved in obtaining best execution and the execution venues we choose. Information about the policy is set out below.

Our commitment to provide you with best execution does not mean that we owe you any fiduciary responsibilities over and above the specific regulatory obligations placed upon us or may be otherwise contracted between us.

Generally we will have arrangements in place with a single Broker at any one time. Before selecting any Broker we will review the broker market and assess whether the Broker which we are proposing to make arrangements with represents the best option available to Investors (in terms of price and the underlying costs to the Investors as a whole). We will carry out an annual review of the broker market in order to ensure that this continues to be the case.

We will also assess the Broker's best execution policy at the beginning of the relationship and carry out on-going monitoring in order to ensure that the best execution requirements are being met on an on-going basis.

#### Scope

Our Order Execution Policy applies to all retail and professional clients and refers to financial instruments which are defined under the Markets in Financial Instruments Directive (MiFID) and set out at the end of this policy.

As we do not execute orders on your behalf in respect of financial instruments, this policy will apply where we select

## PORTFOLIO MANAGEMENT AGREEMENT

Brokers to which we will pass on or transmit orders for execution.

In selecting any Broker we will ensure that the Broker's order execution policy requires it to deliver best execution by reference to the following policies and practices.

In addition, and as an alternative to instructing a Broker to execute orders on behalf of Investors, we may arrange for Investors' portfolios to be "rebalanced" by way of internal share transfers between existing clients, as set out in more detail in our Order Allocation Policy below.

### Execution venues & entities

The Broker must have identified a variety of execution venues to obtain the best possible result on a consistent basis when executing orders on behalf of its clients. The Broker may execute all orders through AIM as an execution venue in connection with the TIME:AIM Service.

Where a Broker believes that it can trade to its clients' advantage, the Broker may transact a trade with that client via its in-house principal book.

Any entity to which the Broker may transmit an order for execution should itself be subject to a regulatory or contractual obligation to provide best execution.

### Execution factors

In considering how to achieve the best possible result, the execution factors that the Broker must take into account are: price (or total consideration in the case of retail clients), costs, speed, likelihood of execution and settlement, size, nature of the order or any other consideration relevant to the execution of the order.

In determining the relevant importance of these factors, the Broker should use its commercial experience and judgement, as well as take account of how it has categorised the Investor (e.g. as a retail client or as a professional client), together with the size and nature of the order, the characteristics of the financial instrument to which the order relates, as well as the possible execution venues to which that order can be directed.

In general, the Broker should regard price as the most important of these factors, however we recognise that there may from time to time be circumstances where other factors may be deemed to be of higher priority. For example, some securities such as Shares in smaller AIM Companies may be more difficult to transact, or more complex and difficult to settle satisfactorily, in which case, the size of the transaction, the speed of transaction and likelihood of execution and settlement may be relevant factors which the Broker will take into account.

For retail clients, the Broker must always regard the most important factors as those which result in the best total consideration in terms of the price combined with the costs of execution.

Where the Broker is provided with specific instructions for execution of a transaction, for example a specific venue, this may prevent the Broker from obtaining the best possible result as per its execution factors.

### Monitoring and review

The Broker must monitor regularly its order execution arrangements as well as the quality of its execution and that of third parties to whom it has passed orders for execution. Such review should be used by the Broker to identify and implement changes to its order execution policy and execution arrangements as necessary.

The Broker will be obliged to notify TIME of any material changes to its order execution policy.

### Consent

FCA regulations require the Broker to obtain consent to its order execution policy and the consent of TIME on behalf of the Custodian, as the Broker's client, will be obtained where a Broker needs to undertake a transaction outside a regulated market or multilateral trading facility ("MTF"). Similarly, the express consent of TIME on behalf of the Custodian, as the Broker's client, will be required should TIME wish the Broker not to make public any limit order that TIME places with the Broker. A client information and agreement form (or similar) will be completed by the Custodian for each Broker engaged as part of the TIME:AIM service.

### Financial Instruments

The only securities which may be purchased by TIME for the Investor pursuant to this Order Execution Policy are Shares in AIM Companies.

## SCHEDULE B

### ORDER ALLOCATION POLICY

#### General

The nature of the TIME:AIM Service is such that orders for the purchase or sale of Shares for an Investor's Portfolio may be aggregated with those of other Investors for execution. Aggregated orders may result in a large number of Shares being dealt in the market which may result in a higher or lower price being obtained or a delay in executing the order in full on the designated market.

## PORTFOLIO MANAGEMENT AGREEMENT

TIME will ensure that all orders and transactions are allocated fairly, promptly and in accordance with this Order Allocation Policy. We will not transmit orders for execution unless the following conditions are met:

- it is unlikely that the aggregation of orders and transactions will work overall to the disadvantage of any Investor whose order is to be aggregated; and
- it has been disclosed to each Investor whose order is to be aggregated that the effect of aggregation may work to its disadvantage in relation to a particular order (this is a one-off disclosure which is made in the Application Pack).

On occasions, however, aggregation may not work to your advantage and may result in you obtaining a less favourable price.

We shall aggregate, in a single transaction, orders of different Investors, if the aggregation is in the best interest of Investors, considering, amongst other criteria, the price, costs, speed, probability of execution and volume.

We shall only aggregate orders if the aggregation does not harm the interests of any Investor, and provided that the Investor does not oppose the aggregation of its order. TIME may combine Investor dealing instructions with orders for its own account, if it considers it necessary to hold a proprietary position in the Shares to allow it to deal with issues which may otherwise arise from fractional share entitlements, provided that it shall ensure that any such orders are not reallocated in a way that is detrimental to the Investor.

In setting a price for allocating any aggregated orders, we will determine the price quoted for the transaction by the Broker at that time and apply that price at the time that the instruction to trade is transmitted.

In the event that it is not possible to fully execute an aggregated order on the day the order is placed, we may instruct the Broker to fulfil the order in its entirety, which may take more than one day. In placing an aggregated order irrespective of the size of the order and the length of time taken to fulfil the order in the designated market, a more or less favourable price might be achieved than if your dealing instruction had been executed separately.

### Allocation of Trades

Shares will be purchased for Investors on the basis of the “model portfolio” at the time of investment; comprising shares in AIM-listed companies which have been selected through the market screening techniques employed by TIME, in that particular month. At each rebalancing event Investors will have different holdings depending on the composition of the model portfolio for the month during which they initially invested in TIME:AIM. TIME may, as part of the Service, seek to ensure

that all Investors have their Portfolio brought in line as far as reasonably practicable with the “model portfolio” at each rebalancing event. As there are likely to be significant market fluctuations over the course of any 12-month period, it is likely that a degree of rebalancing will need to be carried out in order to align each Investor’s Portfolio with the “model portfolio”.

We shall use the following rules in the allocation of trades:

- As far as possible, rebalancing will be done by way of internal share transfers between existing Investors. We will affect this by notifying the Custodian and requesting that the relevant custody records be updated to reflect the re-allocations and record the new owner of the Shares. This will not attract any dealing costs for the affected Investors. The trade price for the net Shares physically bought / sold pursuant to the third bullet point below will be used as the reference price for these internal sales.
- All internal transfers will be allocated on a pro rata basis relative to the rebalancing requirement of each Investor. This means that surplus Shares held by Investors would be re-allocated to Investors in proportion to the size of their Share deficit (i.e. if Investor A required an additional 100 Shares and Investor B required an additional 50 Shares, then Investor A would be allocated twice the number of Shares as Investor B, from the pool of surplus Shares held by other Investors).
- Once the internal rebalancing of Shares has taken place, to the extent that there is a shortfall or excess in Investors’ Portfolios such that additional Shares need to be purchased or sold, these Shares will need to be purchased or sold through an external execution venue, and we will issue instructions to the Broker for this purpose. Dealing costs will be divided between Investors in proportion to the number of Shares being acquired or disposed of for their benefit.
- Rebalancing may not occur.

## RISKS

**An investment made in TIME:AIM is subject to a number of risks. Before making any investment decision, you and your Adviser should consider carefully the risk factors described below. This information does not purport to be exhaustive and the risks below are not set out in order of priority. Additional risks and uncertainties not presently known to TIME or that TIME currently deems not to be material, may also have an adverse effect on the performance of TIME:AIM. You and your Adviser should consider carefully whether an investment made in Shares is appropriate for you in light of the information contained in this document and your personal circumstances.**

### Investment performance

The return achieved will depend on a wide range of factors whether relating to the wider economy or specifically to the sectors or individual businesses which TIME:AIM may invest into. There may also be limited diversification across sectors. Past performance does not provide an accurate guide to future performance. Therefore there is no guarantee that the Investment Objectives of TIME:AIM will be achieved or that growth in the value of your investment will occur. You should recognise that your capital is at risk and you may not get back what you invest.

Third party dealing costs may have a material effect on the performance, especially for Portfolios which are of a lower value.

Through TIME:AIM, you will become a minority shareholder in AIM Companies. As such, neither you nor TIME will be able to exert control or influence the activities of the AIM Companies to improve performance or maintain BR status.

The companies which list their securities on AIM rather than a more highly regulated market are likely to be smaller and have a higher risk profile, and their securities may be less liquid and more volatile, than companies listed on the main market of the London Stock Exchange or an equivalent market outside of the UK. As a result their securities may suffer from inadequate trading volume or restrictions on trading. Securities in AIM-listed companies may possess greater potential for capital appreciation, but also involve risks, and trading in such securities may be subject to more abrupt price movements than trading in the securities of larger or more established companies.

### Effect of withdrawals

If you choose for your Adviser Fees to be paid from your Portfolio, this will diminish your Portfolio. Any withdrawals from the portfolio will also cease to qualify for BR.

### Liquidity

There may be a decrease in market liquidity for the securities in which TIME will invest as part of the TIME:AIM service which may mean that it is not able to sell Shares you hold at their true value if liquidity is required. Trading on AIM may be halted or suspended due to market conditions, technical problems or other events and during such circumstances, TIME will not be able to buy or sell Shares traded on that market until trading resumes. Further, trading of the securities of a specific issuer may be suspended by AIM due to circumstances relating to the issuer. If trading of a particular security is halted or suspended, TIME will not be able to sell that security until trading resumes.

The regulatory system applying to issuers whose securities are listed on AIM is more flexible than that applying to the main market of the London Stock Exchange and those companies are not subject to such strict corporate governance protections as those applying to companies listed on the main market. AIM listed companies may therefore be more easily subject to manipulation by institutional investors.

An AIM Company can elect to become private by de-listing from AIM. In such circumstances, it may become impossible to trade or accurately value the shares held.

### Business Relief

The rules and practice relating to BR may change. BR is agreed by HMRC on an individual basis and whilst TIME:AIM will invest in businesses which it reasonably believes to qualify for BR, there is no guarantee that your estate will obtain 100% BR on the value of your Shares in AIM listed businesses. It is also necessary for qualifying shares to have been held for a minimum of two years, as well as on death, and for the correct procedure to be followed and queries answered. Loss of BR could occur if, for example, the Shares become delisted from AIM or the Shares were not held at death as a result of shares being sold during the annual rebalancing process.

### Taxation

The value of your Portfolio and availability of BR is based on current tax rates and practice and a change in the laws, regulations, rates and practice could also impact your post-tax return and the availability of BR. TIME does not provide tax or investment advice and you should seek professional advice before investing.

## **RISKS**

### **Suitability**

It is your Adviser's responsibility to advise you on the initial and continued suitability of TIME:AIM for you, it is our responsibility that our portfolio management services to you are, and remain, suitable. In common with all investments, the suitability of any investment held through TIME:AIM may change, including if your personal circumstances change.

### **Third party service providers**

In order to allow TIME to deal in shares listed on AIM, on your behalf, the Custodian will appoint a Broker to execute transactions, and a sub-custodian with access to the CREST settlement system to hold the AIM shares. Your ability to recover losses arising from the acts or omissions of such entities may be limited by the terms of their appointment. You will not be a client of the Custodian, the Broker or any sub-custodian for the purposes of the FCA rules.

**9.2** The Investor shall retain at all times exclusive beneficial ownership of the securities, and the client account will indicate that securities do not belong to Mainspring and will be segregated from Mainspring's assets. Mainspring will, or will arrange for its Sub-Custodians to, identify in its books that the securities belong to the Investor's portfolio and the amount that is attributable to the securities account.

**9.3** Mainspring may appoint a Sub-Custodian in accordance with the FCA Rules.

**9.4** Mainspring will not deposit Investments held on behalf of the Manager with a Sub-Custodian in a third country, for the account of another person, which does not regulate the holding and safekeeping of Investments except as permitted under the FCA Rules. Any such appointment of a Sub-Custodian will require such Sub-Custodian to comply with such FCA Rules in the event it delegates any of its functions concerning the holding and safekeeping of the Investments to another third party.

**9.5** Mainspring will take necessary steps to ensure that the Manager's Investments deposited with a Sub-Custodian will be identifiable separately from the applicable assets of Mainspring and the Sub-Custodian.

**9.8** In the event that the Manager's investing strategy results in the requirement for Mainspring to appoint and use the services of a Sub-Custodian, the Manager acknowledges and accepts that Mainspring may hold Investments belonging to the Manager in accounts that may be subject to laws of a jurisdiction other than that of an EU member state. The rights the Manager has relating to those Investments may differ accordingly.

### **10 CONFLICTS OF INTEREST**

**10.2** Mainspring has a duty to take all reasonable steps to identify conflicts of interest between Mainspring and its clients or one client of Mainspring and another that may arise in the course of providing its services. Mainspring has designed its business to minimise the chance of conflicts of interest occurring and to ensure the fair treatment of its clients in situations where a conflict of interest may arise. On occasion, when a conflict of interest does arise Mainspring will always try to resolve it fairly to the best advantage of the clients involved, however the action Mainspring takes to resolve any conflict may work to the disadvantage of some of the clients involved. Mainspring has a policy in place that sets out its principles for minimising and managing potential conflicts of interest which may give rise to a material risk of damage to the interests of one or more of Mainspring's clients. The policy also explains how Mainspring mitigates conflict through the design of its business. A copy of Mainspring's conflicts of interest policy is available on request.

**11.2** All complaints (including MiFID Complaints, as defined under the FCA Rules) by the Manager and all complaints received by the Manager in accordance with clause 11.1 should be sent free of charge to Mainspring's Compliance Officer. The Financial Ombudsman Service is an organisation set up by Law to give consumers a free and independent service for resolving disputes with financial firms. Details of the persons who are 'eligible complainants' can be obtained from the Financial Ombudsman Service. However, the Investor may not be an eligible complainant for these purposes.

- (vi) shall only engage a sub-Processor in relation to this Agreement where: (i) the party acting as Controller has consented to that specific engagement in writing; (ii) there is a contract in place with that sub-Processor that imposes data protection obligations on the sub-Processor equivalent to those contained within this Agreement; and (iii) the sub-Processor has committed to maintain the confidentiality of the Personal Data provided to it;
- (vii) agrees that it has in place procedures to promptly and effectively deal with any Data Subject (as defined in the GDPR) access requests, transfer requests, queries or complaints made by Data Subjects in relation to this Agreement (or the processing undertaken pursuant to it) (and shall assist the party acting as Controller in addressing such requests, queries or complaints);
- (viii) shall only retain Personal Data for as long is necessary for the purposes of this Agreement or for other applicable legal, regulatory or reasonable business requirements. After such time, it will take reasonable steps securely to delete, destroy or return such Personal Data (to the extent that it is practicable to do so);
- (ix) shall assist the data Controller, promptly and as reasonably necessary with all subject access requests which may be received from Investors to whom the Personal Data relates or who are referred to in such Personal Data;
- (x) Shall not transfer such Personal Data outside the EEA without the prior written consent of the party acting as Controller;
- (xi) Inform the party acting as Controller within twenty-four (24) hours from it becoming aware if any Personal Data is subject to a personal data breach (as defined in Article 4 of the GDPR) or is lost or destroyed or becomes damaged, corrupted or unusable;
- (xii) shall ensure that any appropriate records as required under the GDPR are maintained; and
- (xiii) shall provide the party acting as Controller (and/or, for the avoidance of doubt, any of its duly appointed auditors or advisors) and any applicable regulatory bodies, on reasonable notice, with the necessary access to facilitate an audit of its compliance with this Clause.

- 15.3 Disclosure to third parties: To the extent that Mainspring or the Manager processes Personal Data as a 'data Processor' for the other party, that entity will not disclose Personal Data to third parties, except:
  - (i) to third parties to whom it is reasonably necessary to disclose the Personal Data in order to perform the Services or the Agency Services respectively;
  - (ii) to its professional advisers bound by obligations of confidentiality (written or otherwise); and
  - (iii) where they have a legal or regulatory obligation to do so.
- 15.4 Disclosures outside the European Economic Area ("EEA"): If Mainspring or the Manager, in the performance of the Services or Agency Services respectively, transfers any Personal Data to any third party where such third party is located outside the European Economic Area, the exporting party and the importing party shall, in advance of any such transfer, execute the Standard Contractual Clauses approved for the purposes of the applicable laws and regulations concerning the transfer of personal data to data processors in third countries that do not ensure an adequate level of protection for such personal data (including, but not limited to, the GDPR).
- 15.5 Retention of data: Mainspring and the Manager will retain Personal Data received from the other (the "Providing Party") as directed by the Providing Party and only for the duration of the purpose for which it was obtained, save that they may need to continue to hold some details about the Investor for longer for legal and/or regulatory purposes. In addition, if the Investor ceases to have a relationship with either of Mainspring or the Manager, the entity with whom the Investor continues to deal may also continue to use the Personal Data for the purpose of performing the Services or the Agency Services respectively.
- 15.6 Information about Personal Data: The Investor may contact Mainspring via email on [contact@mainspringfs.com](mailto:contact@mainspringfs.com), with any questions about their Personal Data held by Mainspring.
- 15.7 Each Party shall, without undue delay, notify the other upon receiving any notice or communication from the Office of the Information Commissioner or any other supervisory, regulatory or government body which relates directly or indirectly to the processing of Personal Data for which the other party is data controller.

## **CUSTODY AGREEMENT**

**15.8** Each party shall cooperate with and assist the other without undue delay in relation to any subject access requests, notice, communication, claim, complaint or allegation relating to Personal Data for which the other is data Controller. The relevant data Processor shall not respond to any such subject access request, notice, communication, claim, complaint or allegation without the data Controller's prior written approval.

**15.9** Mainspring may provide many of its services in close co-operation with Mainspring Entities. Mainspring may disclose information (including Personal Data) about the Manager and Investors to Mainspring Entities, but will only do so where Mainspring considers this to be necessary or desirable in order for Mainspring to provide the Services, the Custody Services or the Agency Services. In addition, Mainspring may be permitted access to Mainspring Entities' computer systems and may permit Mainspring Entities access to Mainspring's computer systems.

**15.10** Mainspring may record telephone calls for security purposes and telephone calls may be monitored as part of Mainspring's quality control procedures.

### **16 SAFE CUSTODY SERVICE**

#### **Custody of Investments**

**16.1** All Investments of the Investor shall be held by a Mainspring Nominee and will be recorded in an Investment Account for the Investor. The title of the Investment Account shall indicate that the Investments do not belong to Mainspring.

**16.2** Documents evidencing title to such Investments will be held in the physical possession of Mainspring or a Mainspring Nominee. Mainspring shall segregate such documents from any such documents of Mainspring and shall take all reasonable measures to ensure such segregation where documents are held by a Mainspring Nominee.

**16.3** Investments that are UK equities will be held through the CREST system when eligible. Other UK securities may be held in certificated form.

**16.4** Investments held by Mainspring may be released on completion of sales or for administrative purposes. Mainspring will not use Investments held on behalf of the Investor for Mainspring's own account.

#### **Collateral & lending**

**16.5** The Investments shall not been lent to a third party or borrowed against (by either the Investor, the Manager or Mainspring) and are free of mortgage, charge,

pledge, lien, right of set-off or any security interest, encumbrances and claims whatsoever in favour of a third party.

**16.6** Mainspring will not enter into any TTCA. Where Mainspring entered into a TTCA before 3 January 2018, Mainspring will take all reasonable steps to promptly terminate such arrangements.

#### **Securities financing**

**16.7** Mainspring may not enter into arrangements for securities financing transactions or otherwise use assets in the Investment Account for its own account or the account of another client (including where held on behalf of a client in an omnibus account maintained by a third party) unless the Manager has given express prior written consent and the use is restricted to the terms specified in writing between the Parties and in accordance with the FCA Rules.

#### **Lien**

**16.8** In addition to any right of legal or equitable set-off or lien or other right to which Mainspring is entitled under any applicable Law and in accordance with the FCA Rules, Mainspring shall also have a general lien over Investments from time to time credited to an Investment Account of the Investor and a right of set-off in respect of any cash derived from those Investments and standing to the credit of that Investment Account in respect of (a) all fees and charges properly due and payable to Mainspring and (b) any other charge or liability properly incurred by Mainspring, in either case in connection with Mainspring's provision of the Services in respect of that Investment Account.

**16.9** The Manager authorises Mainspring to grant security interests, liens and rights of set-off over the Manager's Investments to Sub-Custodians to enable Sub-Custodians to dispose of the Manager's Investments in order to recover debts in accordance with the FCA Rules.

#### **Information**

**16.10** Note: Holding Investments in a pooled account could make the Investor's individual holdings more time consuming and difficult to identify than if the Investor were to have a separate account in the event of default by Mainspring. Individual entitlements may not be identifiable by separate certificates, other physical documents or equivalent electronic record. In the event of an irreconcilable shortfall after the default

## CUSTODY AGREEMENT

of Mainspring, clients may share in that shortfall in proportion to their original share of their assets in the pool.

### Reporting

- 16.11** Mainspring will comply with all necessary reporting obligations relating to statements of the Manager's Investments as required under the FCA Rules.

### Registration

- 16.12** Mainspring will register all registrable Investments in the name of a Mainspring Nominee.

### Corporate Actions

- 16.13** Mainspring will not be responsible for taking up rights, exercising conversion or subscription rights or dealing with takeovers, other offers or capital reorganisations in connection with Investments, other than as instructed by the Manager.

### Record keeping

- 16.14** Record keeping of the documents agreed between Mainspring and the Manager which sets out the rights and obligations of the Parties under an agreement to provide services or the terms on which Mainspring provides services shall be maintained by Mainspring for at least the duration of the relationship with the Manager.
- 16.15** Additionally, records and accounts will be maintained by Mainspring so that they may be used as an audit trail.
- 16.16** Any agreement regarding any arrangement relating to a TTCA will be retained by Mainspring from the date of the agreement and until 5 years after the agreement is terminated.

## 17 CASH

- 17.1** Mainspring shall hold any cash of the Investor as client money as defined in the FCA Rules ("**Client Money**") in accordance with the FCA Rules on Client Money (the "**Client Money Rules**"). The Investor acknowledges and agrees that Mainspring may appoint a bank or banks to hold cash held on the Investor's behalf in a 'client bank account' as defined in the FCA Rules (a "**Client Bank Account**") along with cash of other customers of the Manager for whom Mainspring provides Custody Services. Mainspring shall ensure that the specific interests of the Investor in such account are recorded by Mainspring. Cash held in such an account will be held by the bank as banker and the bank will not be required to hold the cash as

trustee or in accordance with the Client Money Rules. Therefore the cash may not be segregated from such bank's own money and may be used in the course of that bank's business, and Mainspring acting on behalf of the Investor will rank only as a general creditor of the bank.

- 17.2** Prior to opening a Client Bank Account, Mainspring shall require from the relevant institution an 'acknowledgement of trust' document that satisfies the requirements in rule CASS 7.8.1R of the FCA Rules (or its successor rule from time to time).
- 17.3** Mainspring will provide information to the Manager with respect to such accounts as is required by the Client Money Rules, and the Manager will communicate such information to the Investor with respect to such accounts as required by the Client Money Rules and, when necessary, shall obtain appropriate consents from and shall give appropriate notifications to the Investor.
- 17.4** Mainspring will use all due skill, care and diligence in the selection, appointment and periodic review of the bank or banks appointed to hold cash held on the Investor's behalf and the arrangements for the holding of such cash.

## 18 CASH MANAGEMENT

- 18.1** Unless otherwise agreed between the Investor and the Manager, all interest earned on cash held on behalf of the Investor by Mainspring will be retained by the Manager and Mainspring.
- 18.2** The Manager acknowledges that the allocation of cash receipts to the Investor may result in fractional entitlements of less than a penny. In such cases, having taken adequate steps to allocate such receipts to the Investor on a basis that enables their fair distribution, Mainspring may in circumstances agreed with the Manager and where consistent with the FCA Rules, cease to treat the fractional entitlements as Client Money of the Investor.
- 18.3** The Manager will be responsible for claiming any dividends, interest and any other entitlements from Investments held on the Investor's behalf. Once received by Mainspring, such entitlements will be placed in a Client Bank Account operated by Mainspring as described in clause 18.1.
- 18.4** Mainspring will only transfer Client Money to a third party in accordance with the FCA Rules.
- 18.5** Tax may be deducted from payments due to the Investor if it is due to be deducted under any applicable Law or practice. However, Mainspring shall bear no

## CUSTODY AGREEMENT

responsibility for advising, and shall be under no duty to advise, the Manager or the Investor on their tax affairs.

**18.6** The Investor consents to the following:

- (i) if there has been no movement on a Client Money balance of the Investor of less than £1,000 for a period of at least six years (notwithstanding any payments or receipts of charges, interest or similar items); and
- (ii) Mainspring has taken reasonable steps to contact the Investor to return the balance,

Mainspring may cease to treat the balance as the Investor's Client Money. Before doing so Mainspring will write to the Investor at the last known address informing the Investor of Mainspring's intention to do so and giving the Investor at least 28 days to claim the balance. Mainspring will make good any valid claim against released balances.

### 19 DEALING

**19.1** Mainspring will only execute an order for an Investment when:

- (i) the necessary amount of cleared funds or Investments are held by Mainspring on the Investor's behalf; and
- (ii) it receives specific written instruction (to include email) from the Manager as to (a) the instrument which shall be the subject of the transaction, (b) the time at which the order is to be executed, (c) the execution venue on which the order must be executed, (d) the price at which the order must be executed and (e) the settlement date for the transaction (if other than the standard settlement period for the instrument in question).

**19.2** The Manager acknowledges and agrees (on its and the Investor's behalf) that Mainspring's obligation to provide best execution shall be satisfied by the Manager's instruction given in accordance with clause 19.1(ii) and when such instruction requires the execution of an order outside of a 'regulated market' or a 'multilateral trading facility' (both as defined in the FCA Rules), the Manager consents (on its and the Investor's behalf) to such execution. In accordance with clause 4.6 Mainspring will not, and will not be required to, provide or assess advice on the merits, suitability or appropriateness of transactions which take place as a result of the Services. For information about Investments, the risks associated with Investments and execution venues the Investor should consult the Manager.

**19.3** Unless otherwise agreed with Mainspring, when funds are to be transferred to Mainspring for the purposes of clause 19.1(i) they should be transferred by way of telegraphic transfer or by cheque. If funds are received by cheque, Mainspring will not complete any investment or transfer instruction until it has received cleared funds into the relevant Client Bank Account, which may be up to 5 working days from receipt of the cheque by the relevant bank.

**19.4** The Manager acknowledges that an instruction may give rise to Mainspring effecting a transaction on the Investor's behalf that results in fractional entitlements. When an issue of new shares is over-subscribed the Manager will be solely responsible for determining the allocation of shares and Mainspring will be able to rely on their determination.

**19.5** When Mainspring agrees to execute an instruction, Mainspring may aggregate orders for the Investor with those orders of other customers and for itself. This may include combining a number of orders from customers for the purchase or sale of a single investment. Mainspring will only do so when it reasonably believes that it is unlikely that the aggregation would work overall to the disadvantage of those customers. However, the effect of aggregation may operate on some occasions to the Investor's disadvantage in relation to a particular instruction.

**19.6** In the absence of any written notification (to include email) from the Manager to the contrary, the Manager acknowledges and agrees on behalf of the Investor that Mainspring may act on instructions that give rise to Mainspring dealing for the Investor in circumstances in which the relevant transaction is not regulated by the rules of any stock exchange, multilateral trading facility or investment exchange.

### 20 TRANSFER OF INTERESTS

**20.1** Unless otherwise agreed in writing (to include email), the Investor will not transfer or charge, or purport to transfer or charge, its interests in its Investments held by Mainspring to another party.

### 21 VARIATION AND TERMINATION

**21.1** This Custody Agreement may only be extended or amended as provided herein. As between the Investor and Mainspring: (i) this Custody Agreement constitutes the entire agreement between Mainspring and the Investor about the subject matter of this Custody Agreement and supersedes all earlier understanding and agreements between Mainspring and the Investor and all earlier representations by either of them about such subject matter; and

## CUSTODY AGREEMENT

(ii) Mainspring and the Investor have not entered into this Custody Agreement in reliance upon any representation, warranty, undertaking, covenant, promise or statement. This clause 21.1 shall not exclude the liability of a party for fraud or fraudulent misrepresentation or concealment or any resulting right to rescind this Custody Agreement.

**21.2** Mainspring may amend this Agreement in order to comply with, or to make the Agreement consistent with, any legal or regulatory requirements or changes to which Mainspring may be subject by providing a written notice to the Manager of such amendment.

Any amendment under this clause shall take effect on the date specified in the written notice, which shall not be less than 5 business days after the issue of the notice.

**21.3** Mainspring may terminate this Custody Agreement by giving the Manager not less than 90 days' notice in writing (to include email).

**21.4** If the Manager or Investor is in breach of a material obligation under this Custody Agreement, Mainspring may terminate this Custody Agreement by giving:

- (i) in the case of a material breach that is not capable of remedy, ten business days' written notice (to include email); or
- (ii) in the case of a material breach capable of remedy, thirty days' written notice (to include email) to the Manager, provided that the breach is not remedied within the notice period.

**21.5** The Manager may terminate this Custody Agreement on behalf of the Investor on immediate written notice (to include email) to Mainspring.

**21.6** This Custody Agreement will terminate on Mainspring being given written notice (to include email) that the Investor has ceased to be a customer of the Manager in respect of the Investments held by Mainspring under this Custody Agreement.

**21.7** Whenever possible the termination of the Custody Agreement will be without prejudice to the completion of transactions already initiated but there may be circumstances when this completion may not be possible. If, at the time of termination, stock has been purchased on behalf of the Investor which has not been physically delivered due to an illiquid market or stock shortage, Mainspring shall liaise with the Manager to agree how to proceed.

**21.8** After the termination of this Custody Agreement Mainspring will:

- (i) to the extent permitted by the FCA Rules, transfer any cash and Investments held by Mainspring on behalf of the Investor to such person as the Manager or, notwithstanding clause 10.1, the Investor in the absence of an instruction from the Manager or when termination has occurred under clause 21.6, shall specify. Mainspring shall be entitled to deduct from such cash any reasonable direct out of pocket costs and expenses incurred by Mainspring in making such transfers; and
- (ii) provide the Services until the transfers in clause 21.8(i) have been completed and shall be entitled to the fees and other charges for the Services referred to in clauses 8.1 and 8.2 for doing so.

## 22 REPRESENTATIONS AND WARRANTIES

**22.1** Mainspring and the Manager each represent and warrant to each other on a continuing basis that:

- (i) it is duly incorporated, established or constituted (as the case may be) and validly existing under the Laws of its country of incorporation, establishment or constitution (as the case may be);
- (ii) it has and will continue to have full authority to enter into this Custody Agreement and to contract with the other party regarding the provision of the Services;
- (iii) it has and shall maintain all authorisations, permissions, licences and permits necessary for it to perform its obligations under this Custody Agreement;
- (iv) it does not require the consent of any governmental or other regulatory body except for such consents already obtained and disclosed to the other party; and
- (v) this Custody Agreement constitutes a legal, valid and binding obligation, enforceable in accordance with its terms.

## 23 LIABILITY

**23.1** Subject as provided in this Custody Agreement, Mainspring will only be liable to the Manager or the Investor for losses or costs suffered by the Manager or the Investor to the extent that they have resulted from the negligence, fraud or wilful default of Mainspring Entities in performing obligations under, or Material Breach of, this Custody Agreement. Material Breach includes, without limitation, any breach of this

## **CUSTODY AGREEMENT**

Agreement which (i) derives from non-compliance by Mainspring with laws and regulations applicable to this Custody Agreement or to the performance of the Custody Services provided by Mainspring under this Custody Agreement; or (ii) relates to a series of persistent breaches or an accumulation of different breaches, and which together materially adversely affect the relationship between the Manager and the Investors or the Manager's reputation and standing with Investors; and which, in either case, are either not capable of being remedied or, if capable of remedy, remain unremedied after a reasonable period for remediation following written notice from the Manager requesting such breaches be remedied.

- 23.2** Mainspring shall not be liable for any loss the Investor suffers as a result of complying with instructions accepted by Mainspring in good faith from the Manager.
- 23.3** Mainspring shall not be liable to the Investor or the Manager for the acts or omissions of any bank.
- 23.4** Mainspring shall not be liable for losses suffered as a result of delays to or the inability to effect re-registration.
- 23.5** In no event shall Mainspring be liable for any indirect or consequential losses or loss of profits, goodwill, reputation, business opportunity or anticipated saving or for special or consequential damages, whether Mainspring has been advised of the possibility of such losses or damages or not.
- 23.6** Nothing in this Custody Agreement shall exclude or restrict any duty or liability which Mainspring may have to the Manager or the Investor under the Financial Services and Markets Act 2000 or the FCA Rules or exclude any liability of a party for fraud or wilful default.

### **24 INDEMNIFICATION OF MAINSPRING**

- 24.1** When required, the Investor agrees to ratify all acts properly carried out by Mainspring or a Mainspring Entity in the proper performance of and in accordance with the terms of this Custody Agreement.
- 24.2** The Investor agrees to fully and effectively indemnify and keep indemnified Mainspring on an after-tax basis against any and all losses suffered and costs incurred (but excluding Mainspring Entities' normal operating costs and expenses associated with the provision of the Services) by a Mainspring Entity (including direct losses sustained by a Sub third party used for the performance of the Services and passed to a Mainspring Entity) in connection with the Investments

or the performance of the Services, provided that Mainspring shall not be indemnified against any losses or costs to the extent that they arise:

- (i)** directly out of the negligence, fraud or wilful default of, or Material Breach (as defined in clause 24.1) of this Agreement by a Mainspring Entity; or
- (ii)** as a result of a claim made by a third party and Mainspring has not used its reasonable endeavours to mitigate such claim.

### **25 BUSINESS INTERRUPTION**

Under no circumstances whatsoever shall Mainspring be responsible or liable for any claim, loss, damage, expense or cost suffered arising in consequence of any breach, failure to perform or delay in performing any of Mainspring's obligations to the Investor under this Custody Agreement to the extent that such breach, failure, delay or inability results from or relates to any cause beyond Mainspring's reasonable control, including, but not limited to: (a) war, terrorism, riot, civil unrest, strike, lockout or other labour action, Acts of God, storm, fire, earthquake, explosion, flood, electrical failure, confiscation and/or action of any government or governmental agency; (b) any breakdown in communications whether between Mainspring and the Manager or between Mainspring and any exchange or any intermediate broker or other third party with or through whom Mainspring are dealing on the Investor's behalf or the failure or defective operation of any computer system; (c) the absence or inaccuracy of any information provided to Mainspring by the Investor, the Manager or on the Investor's behalf by any exchange, information provider or any intermediate broker or other third party with or through whom Mainspring is dealing on the Investor's behalf.

- 26.2** Mainspring may assign the benefit of the terms of this Custody Agreement to a successor firm.

#### **Language**

- 26.3** All communications between the parties and any documents or information will be in English.
